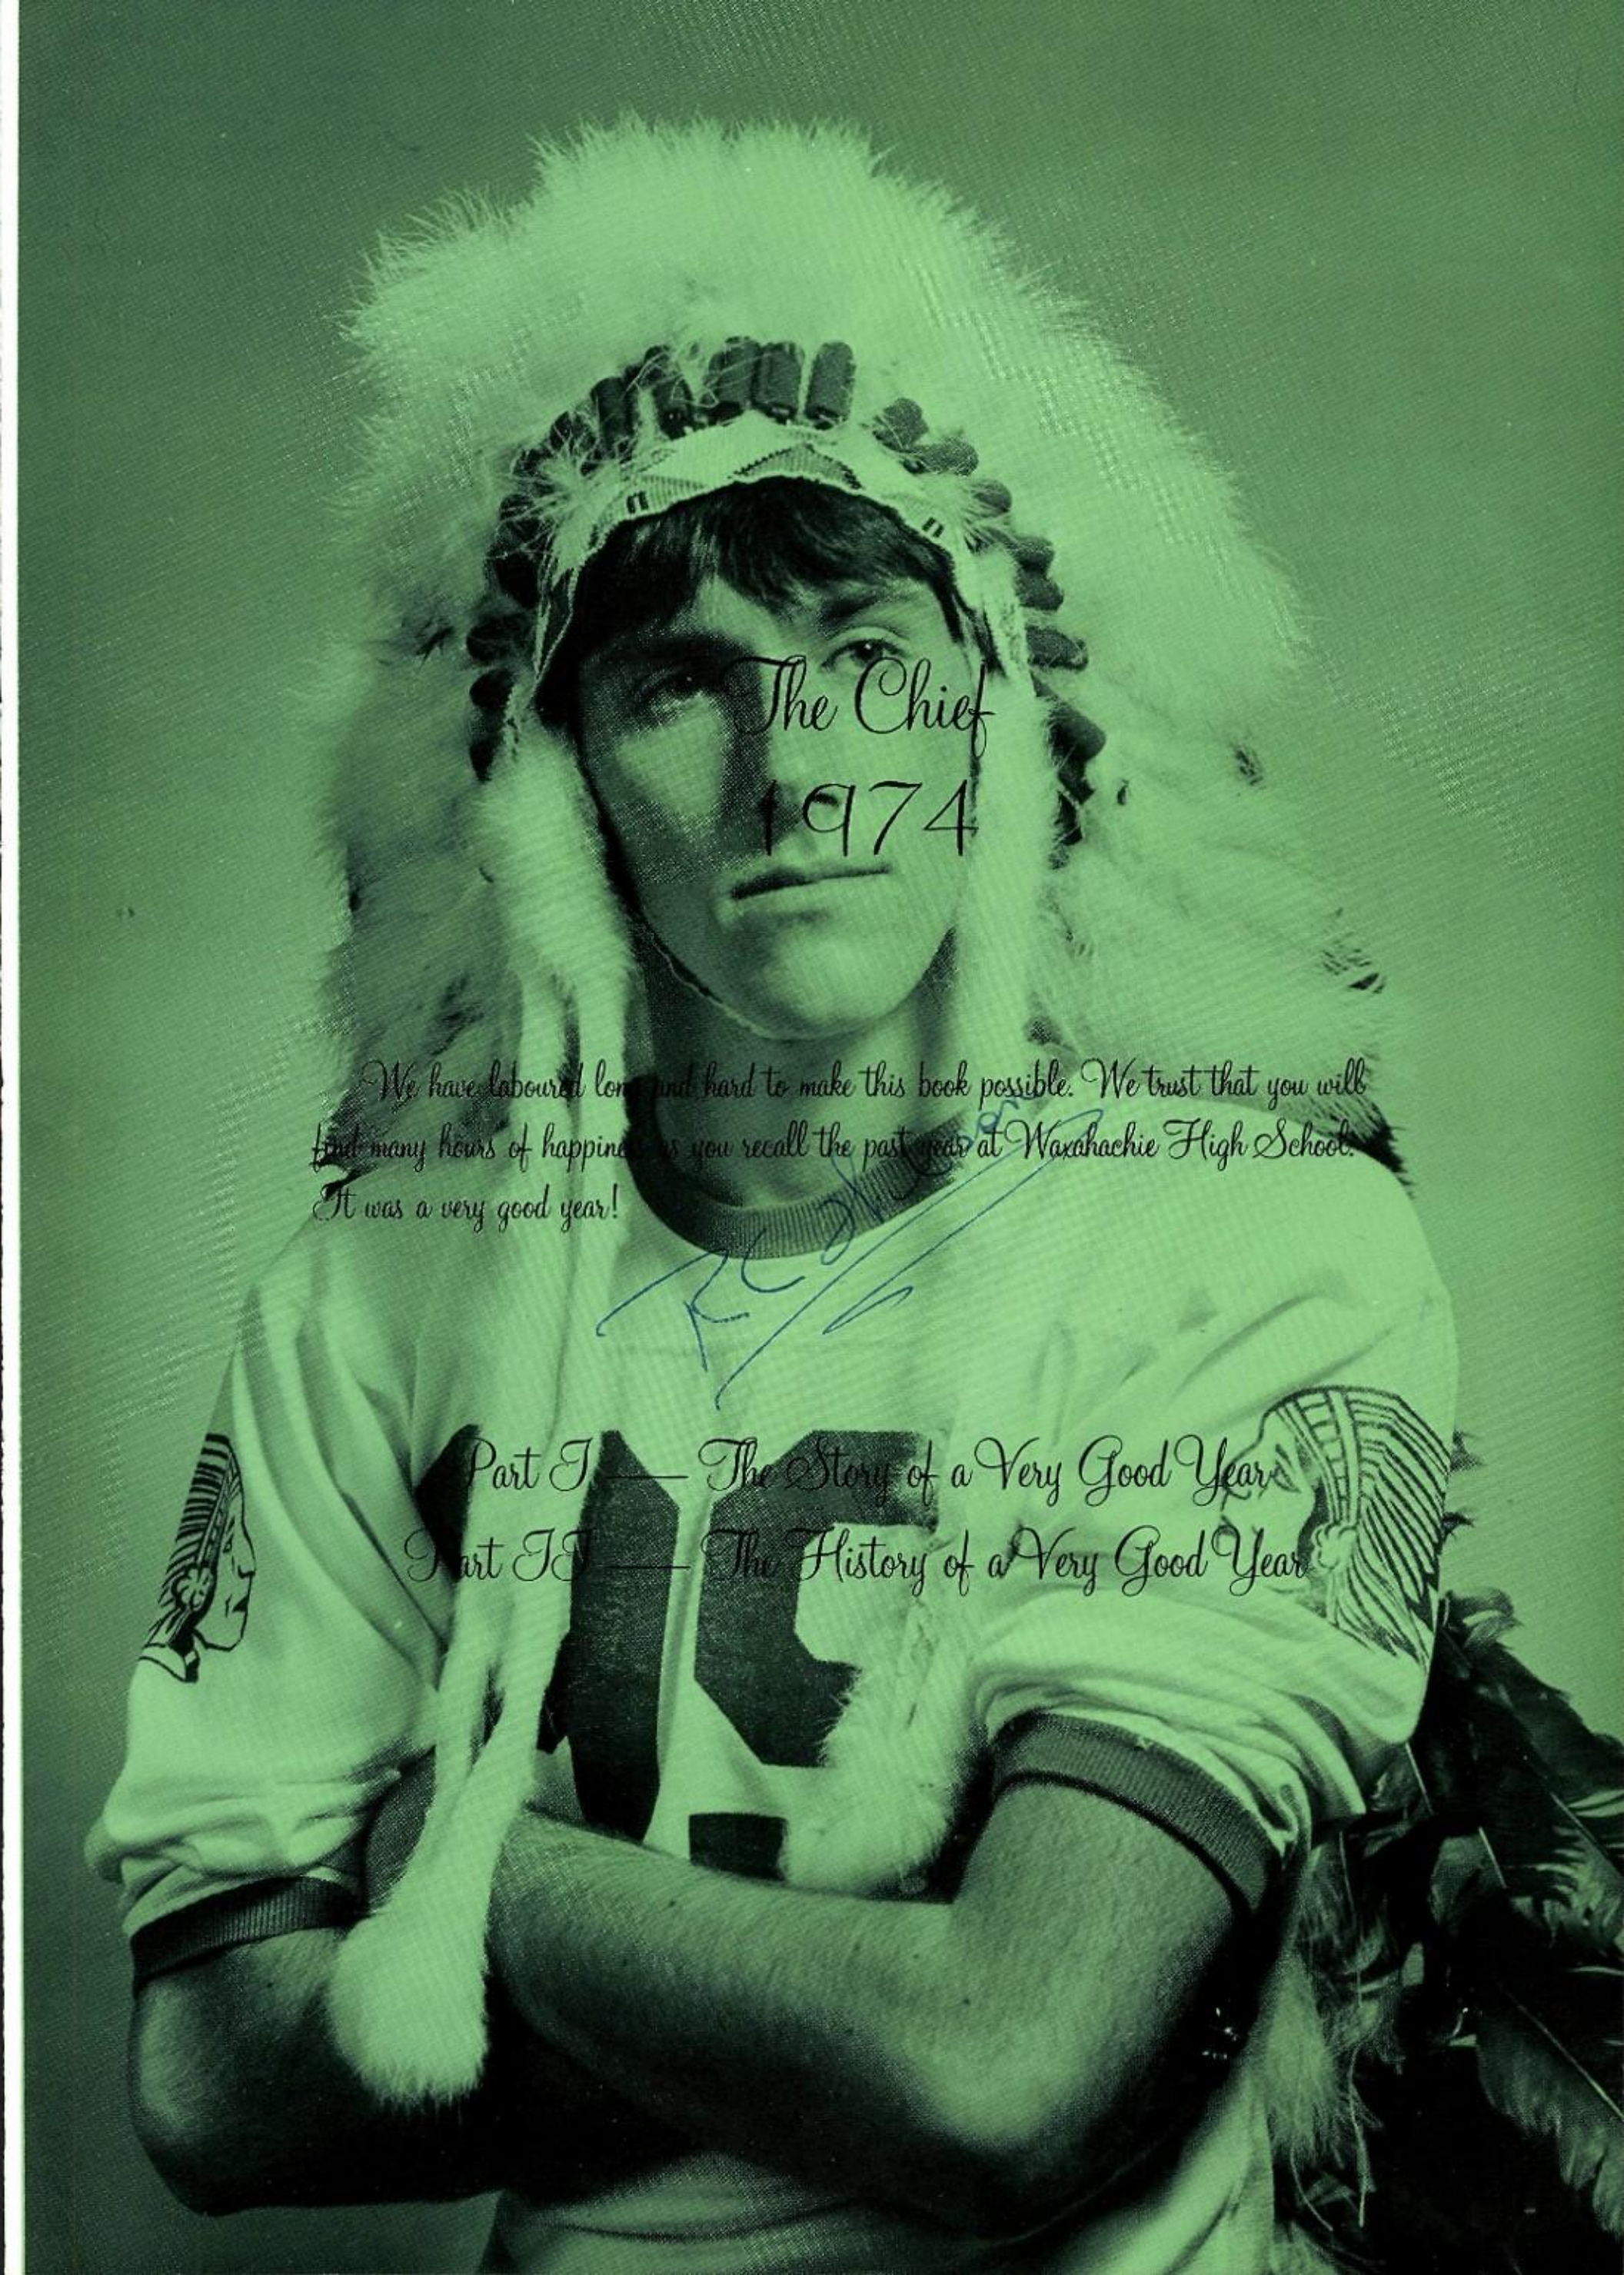
# It was a very good year!

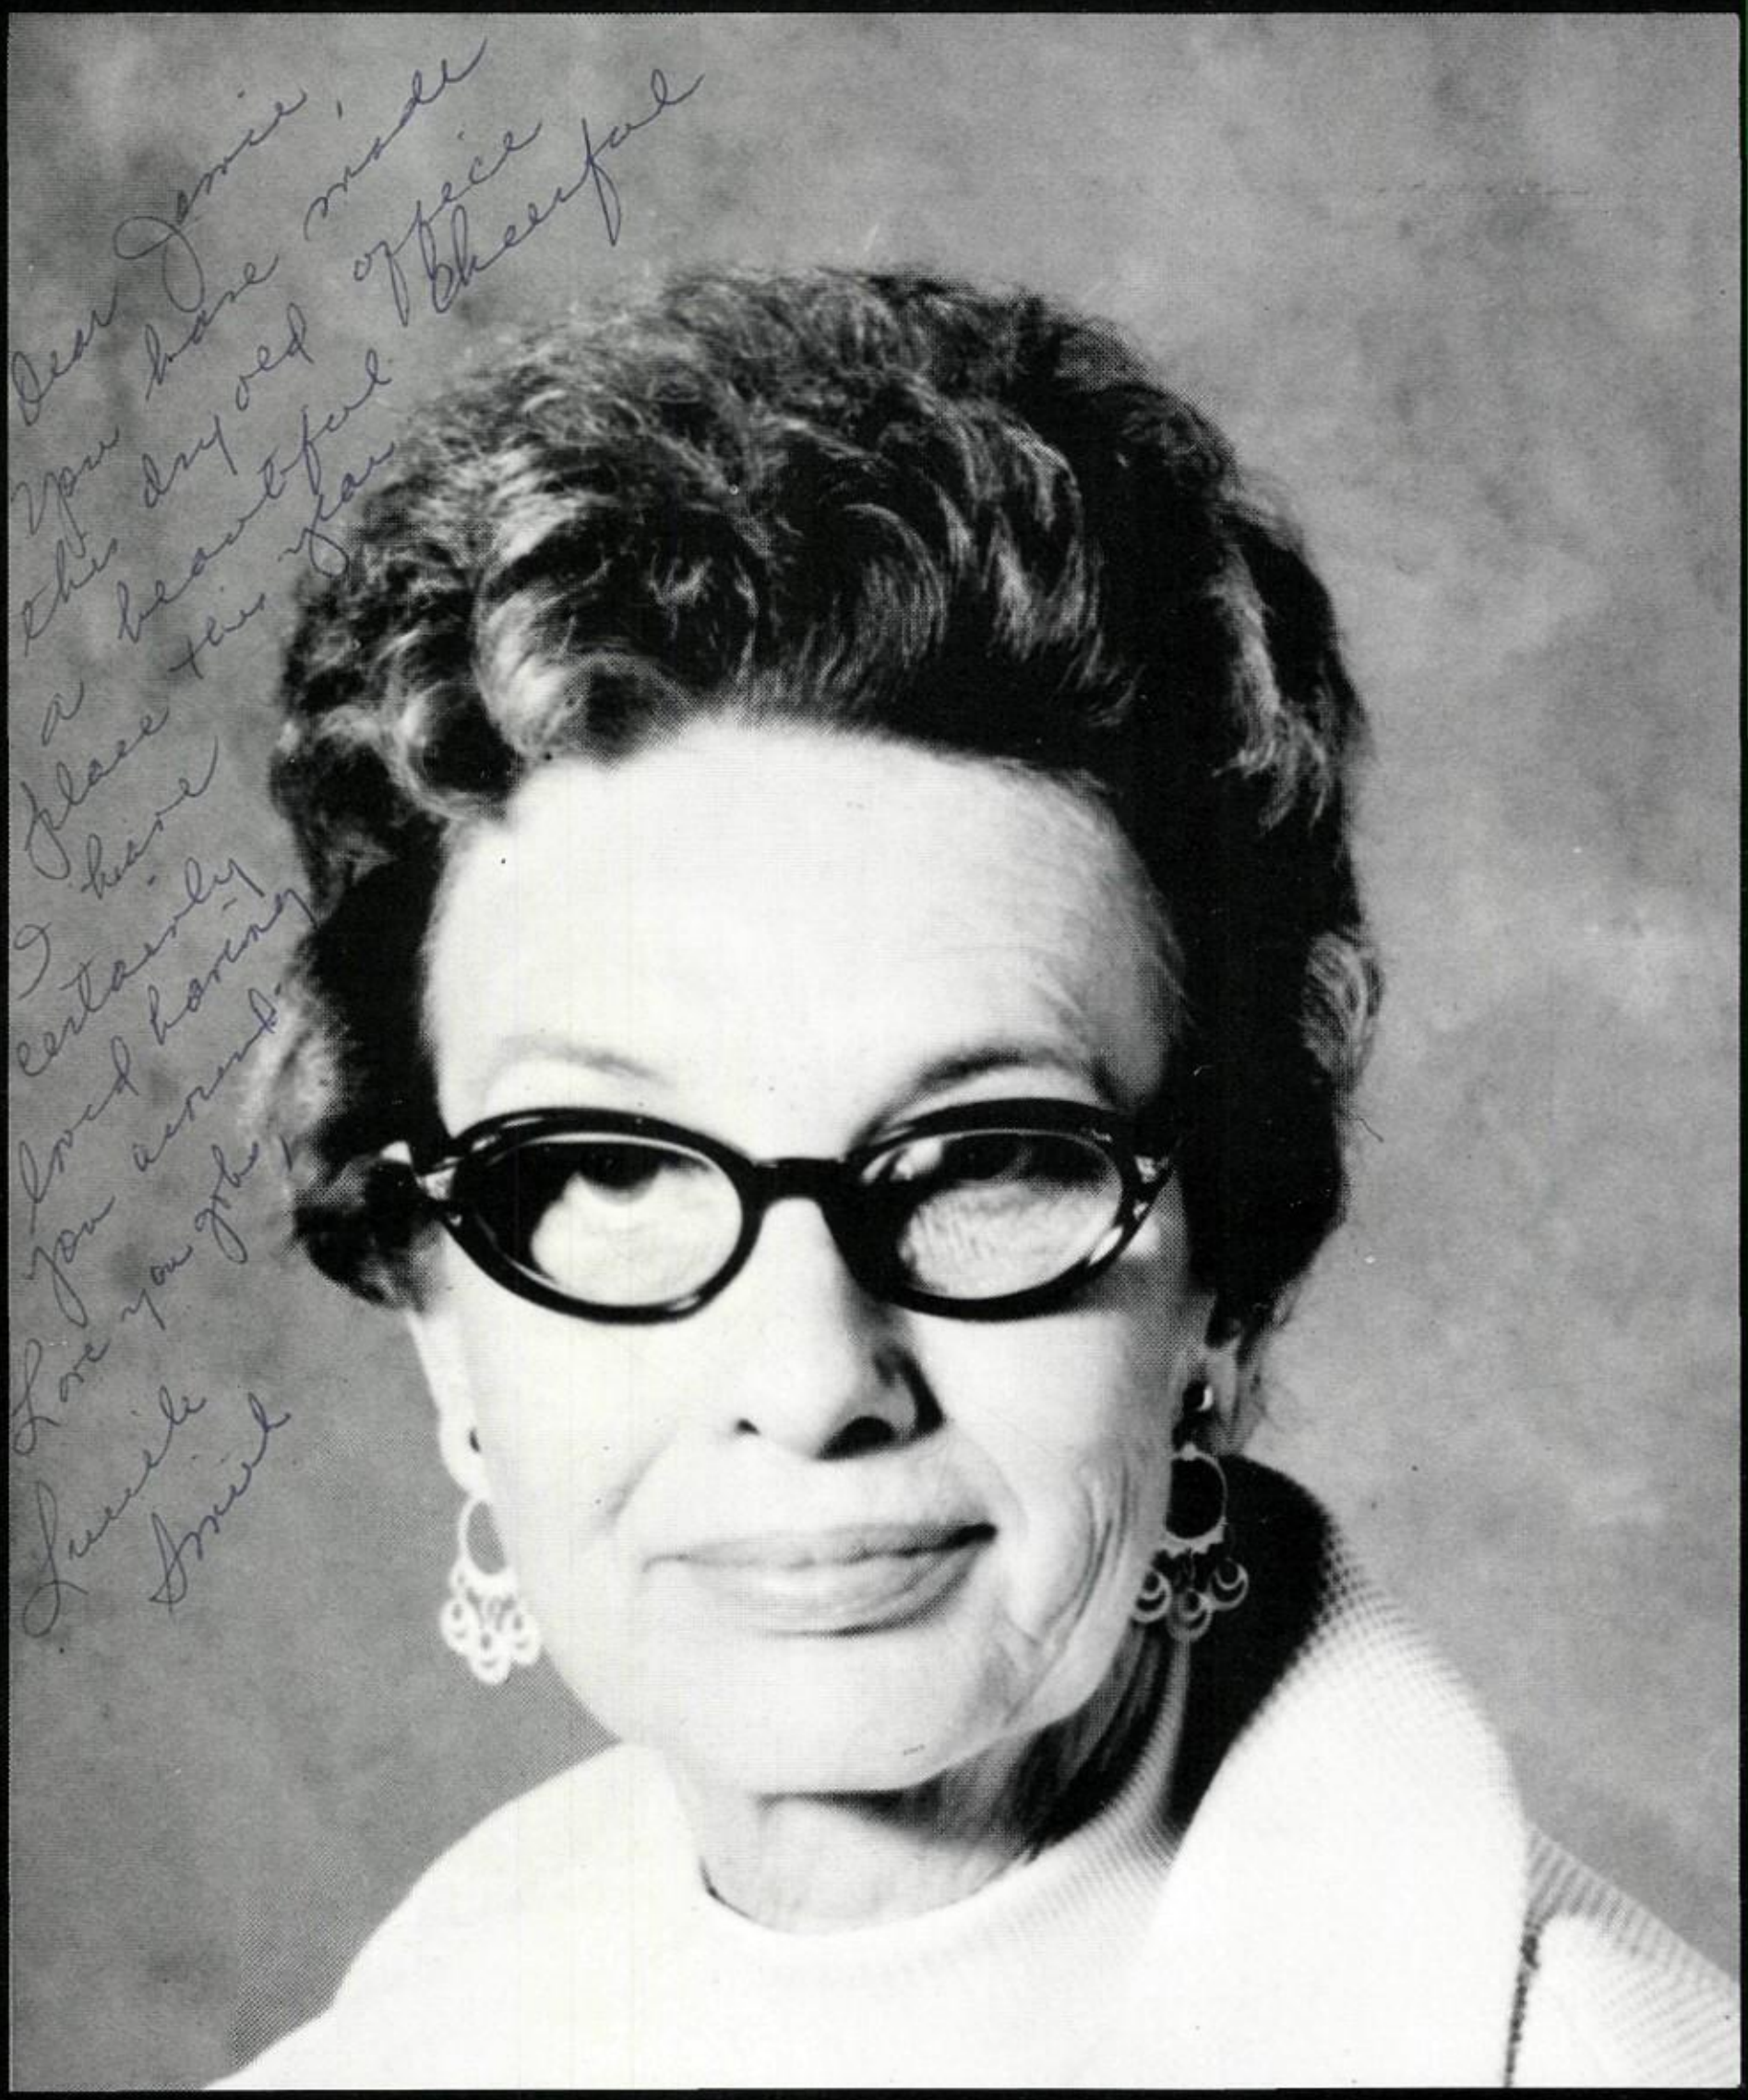


# The Chief
# 1974

We have laboured long and hard to make this book possible. We trust that you will find many hours of happiness as you recall the past year at Waxahachie High School. It was a very good year!

Part I — The Story of a Very Good Year

Part II — The History of a Very Good Year

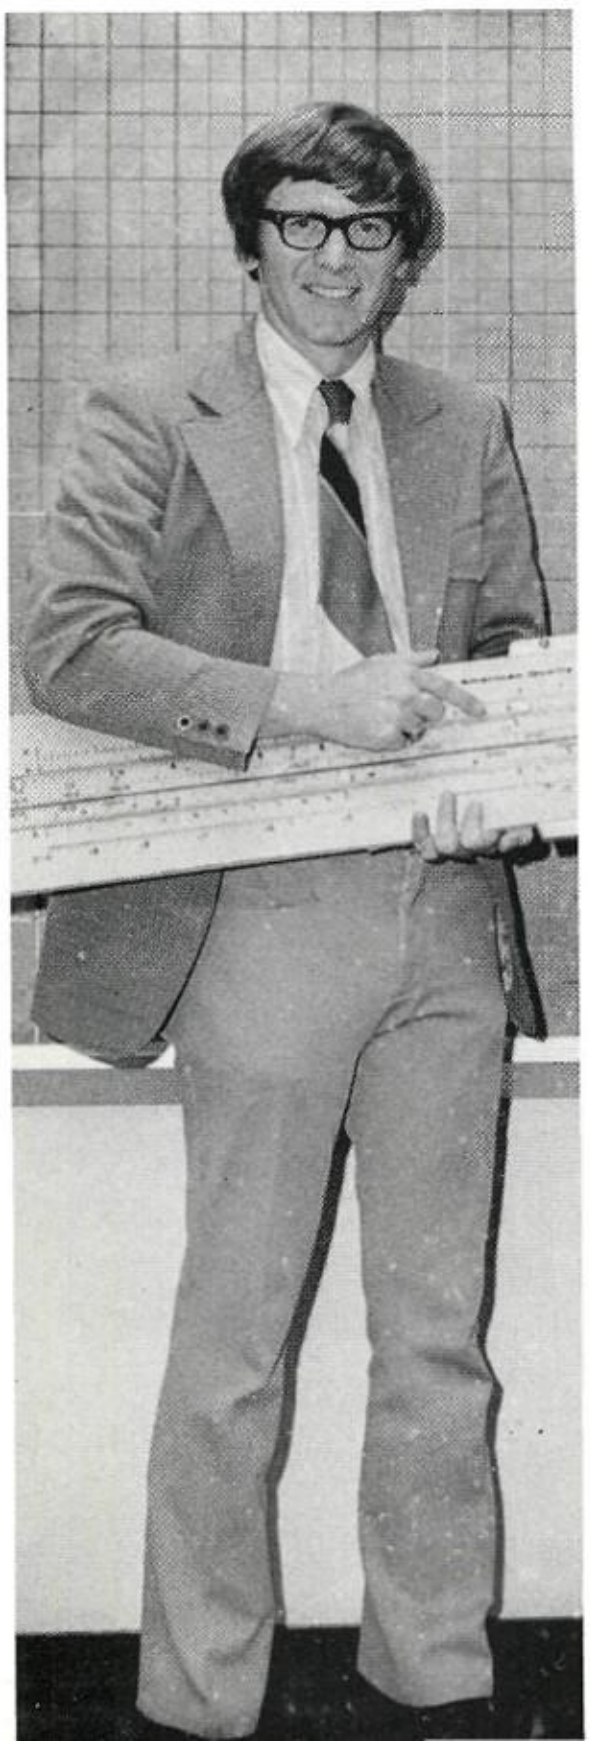


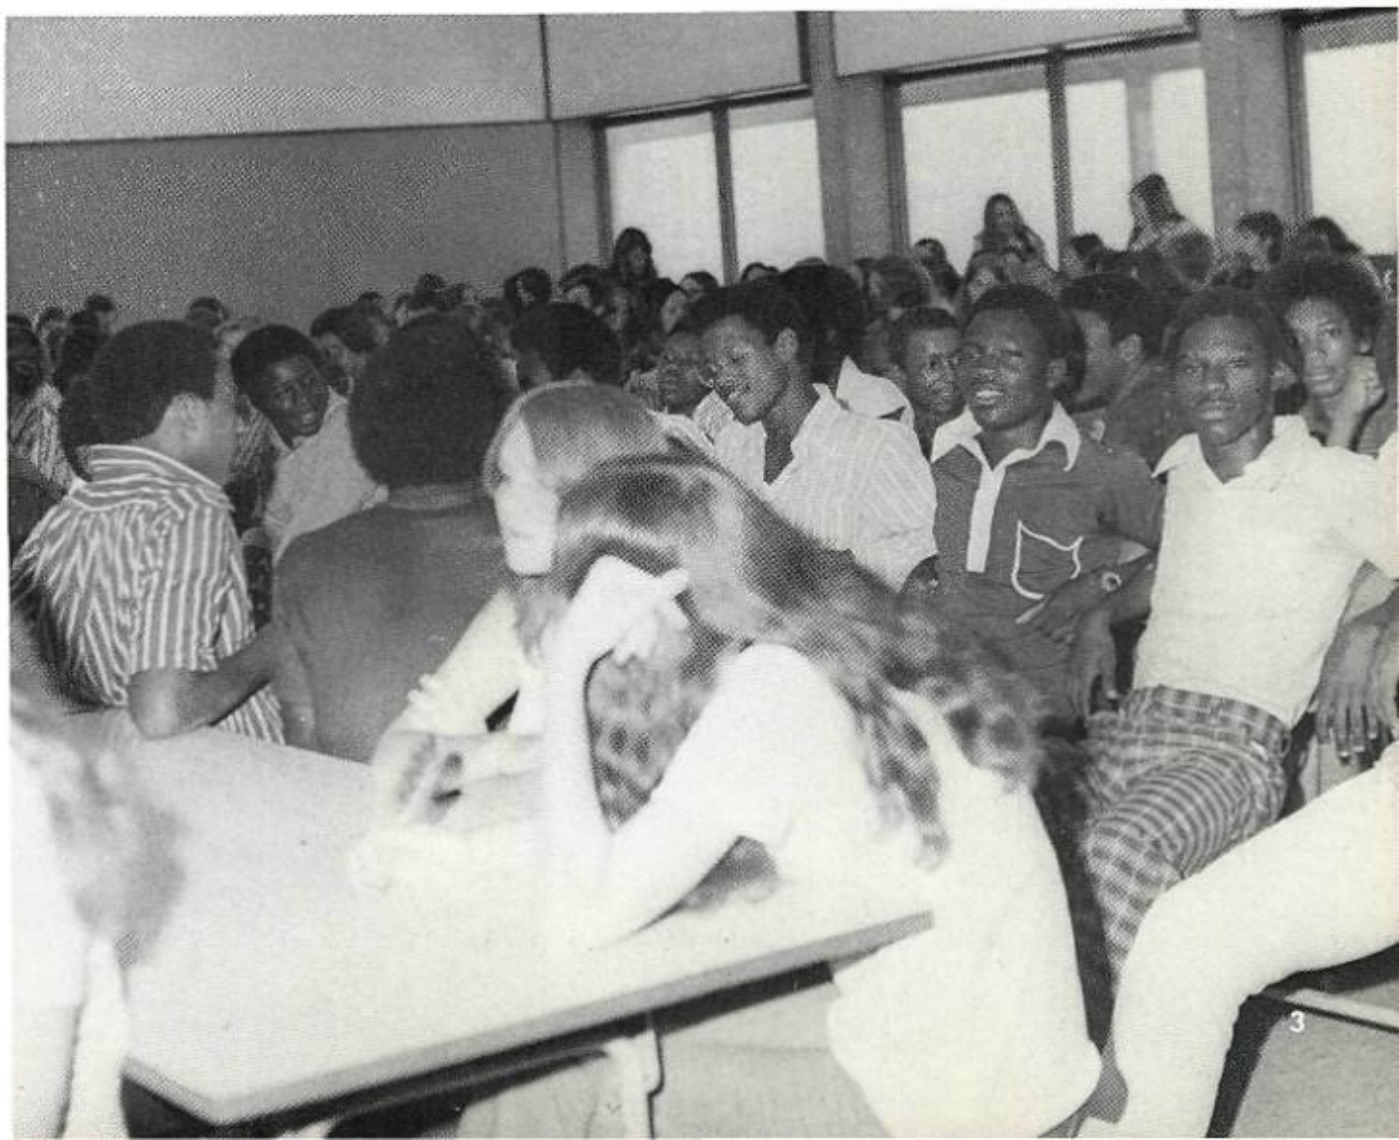
During your years at Waxahachie High School, you have enriched the lives of so many students with your bright, cheery disposition, your love for people around you, and your ability to create within your students a determination to become their best. As you have never lost faith in us, you have given us courage. You have molded minds, lives, and destinies.

It is with pleasure that we, the 1974 yearbook staff, dedicate the 1974 CHIEF to you,

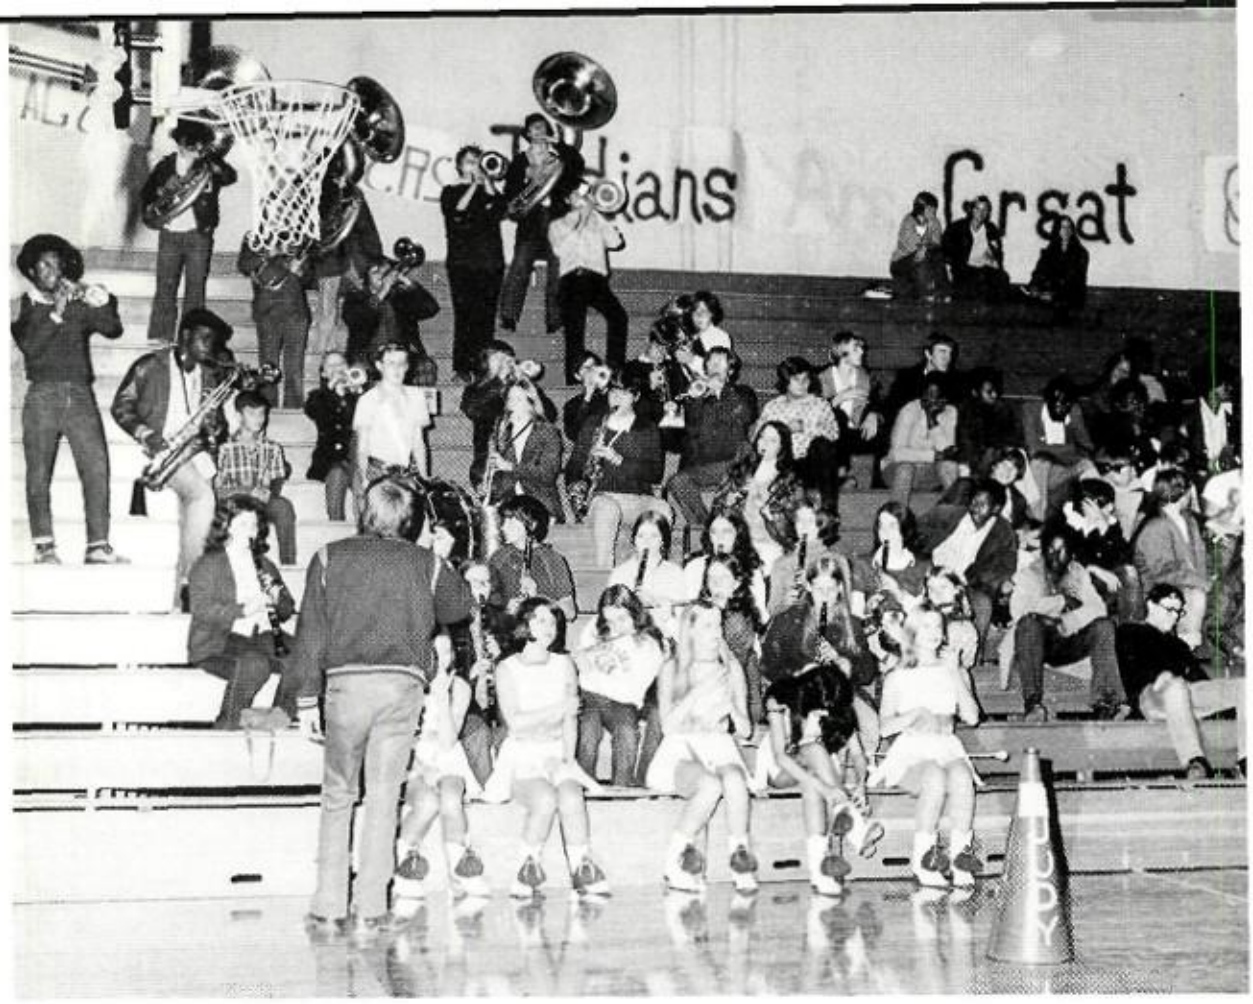
*Mrs. Lucille Smith.*

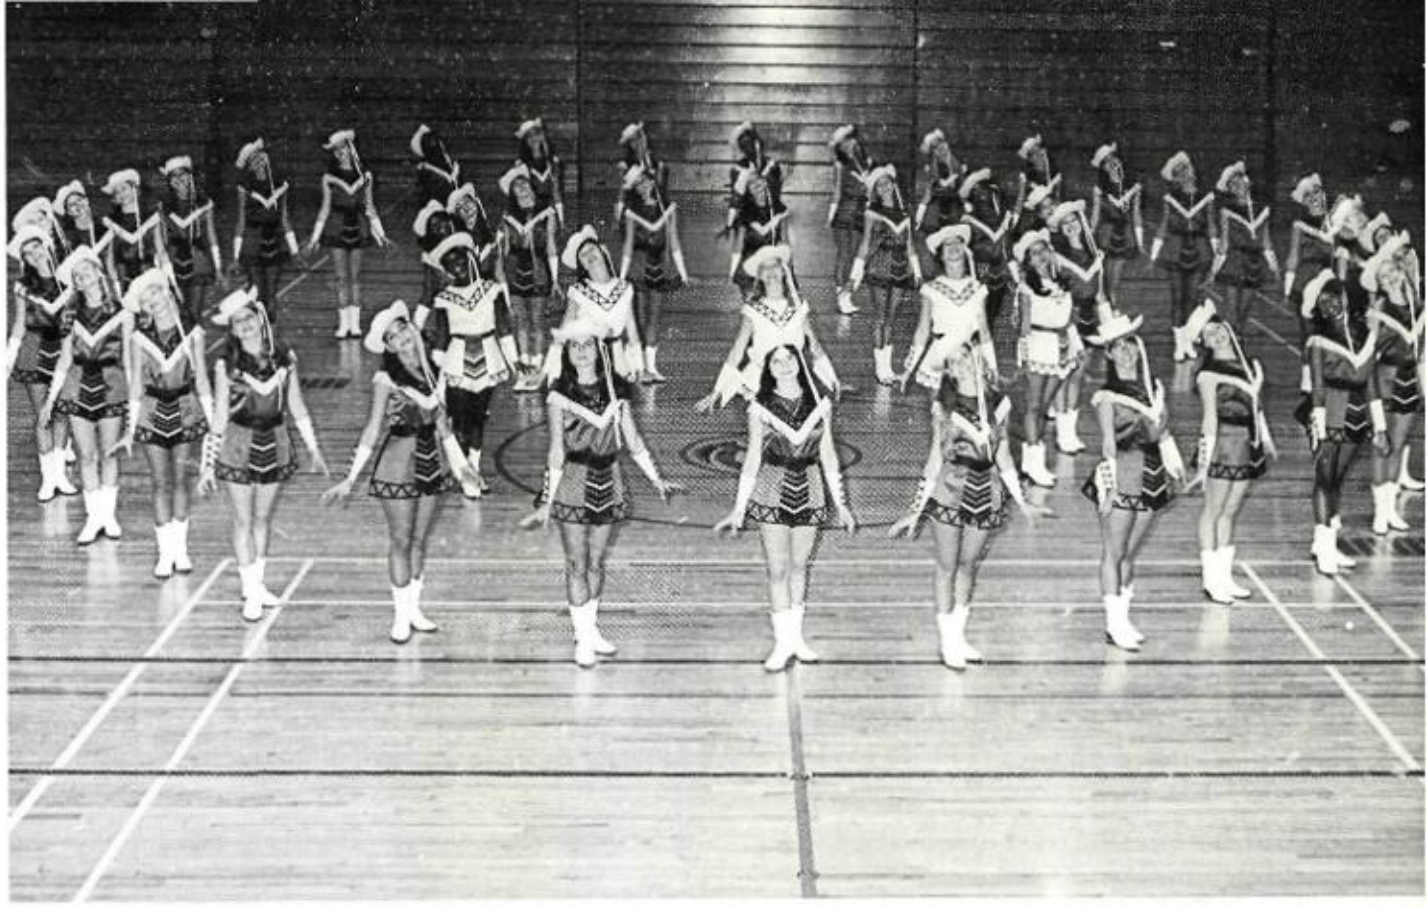
The dawn.
A sun rises on us.
We have another chance to bring up
our downhill grades and take
subjects we were supposed
to take last year.
Another chance ——

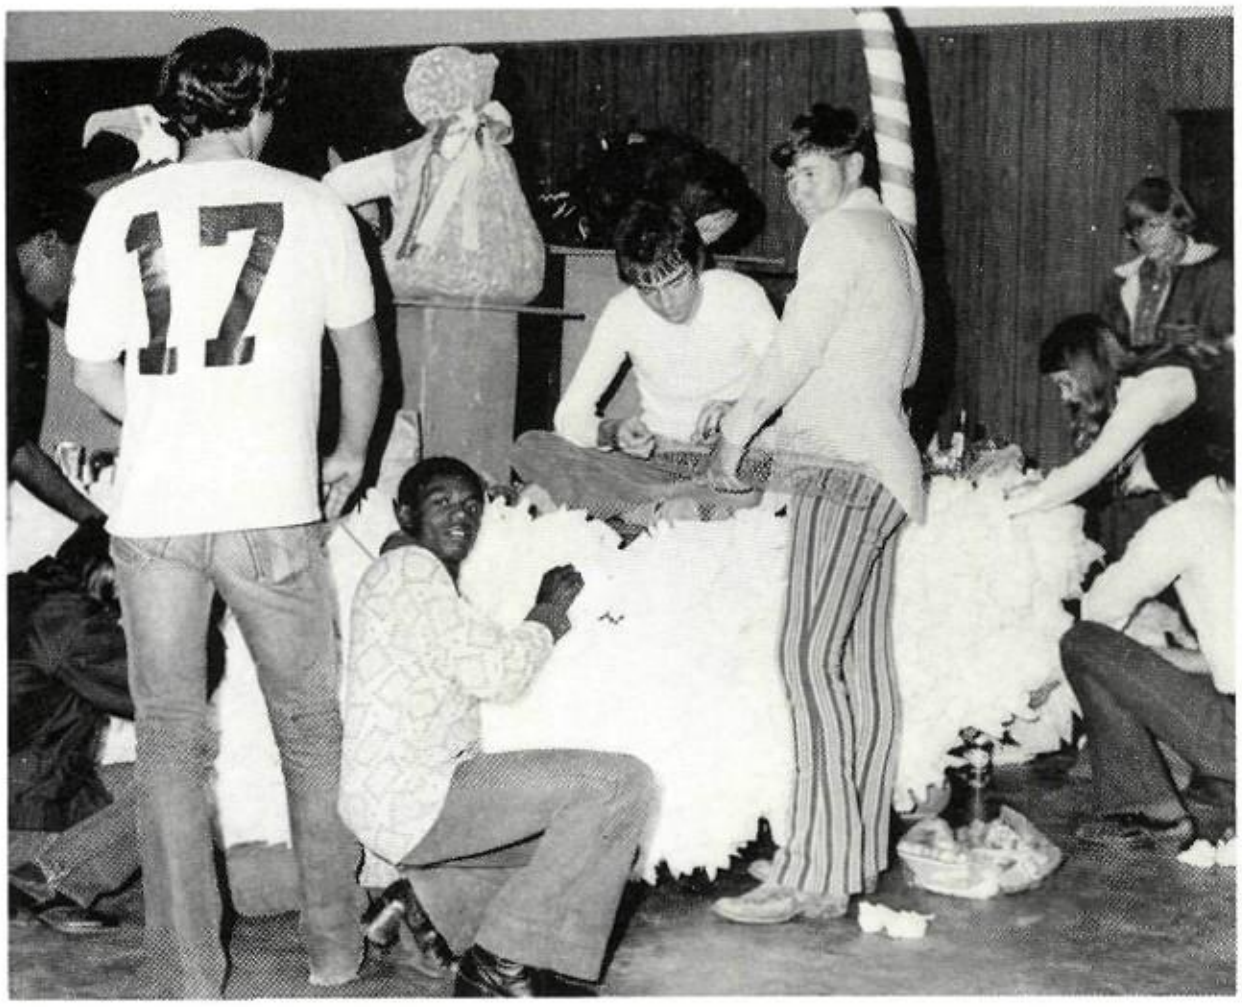




*To retain and*
*build the spirit*
*that once engulfed us.*

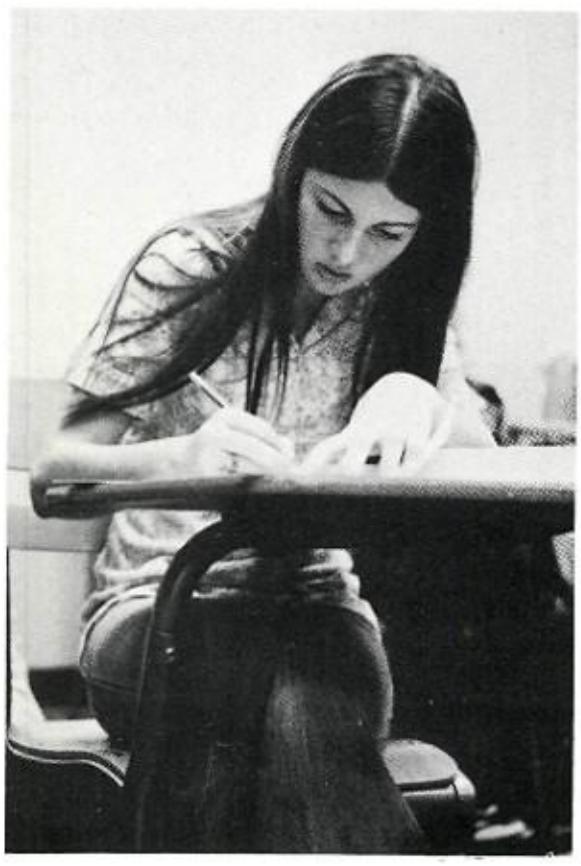


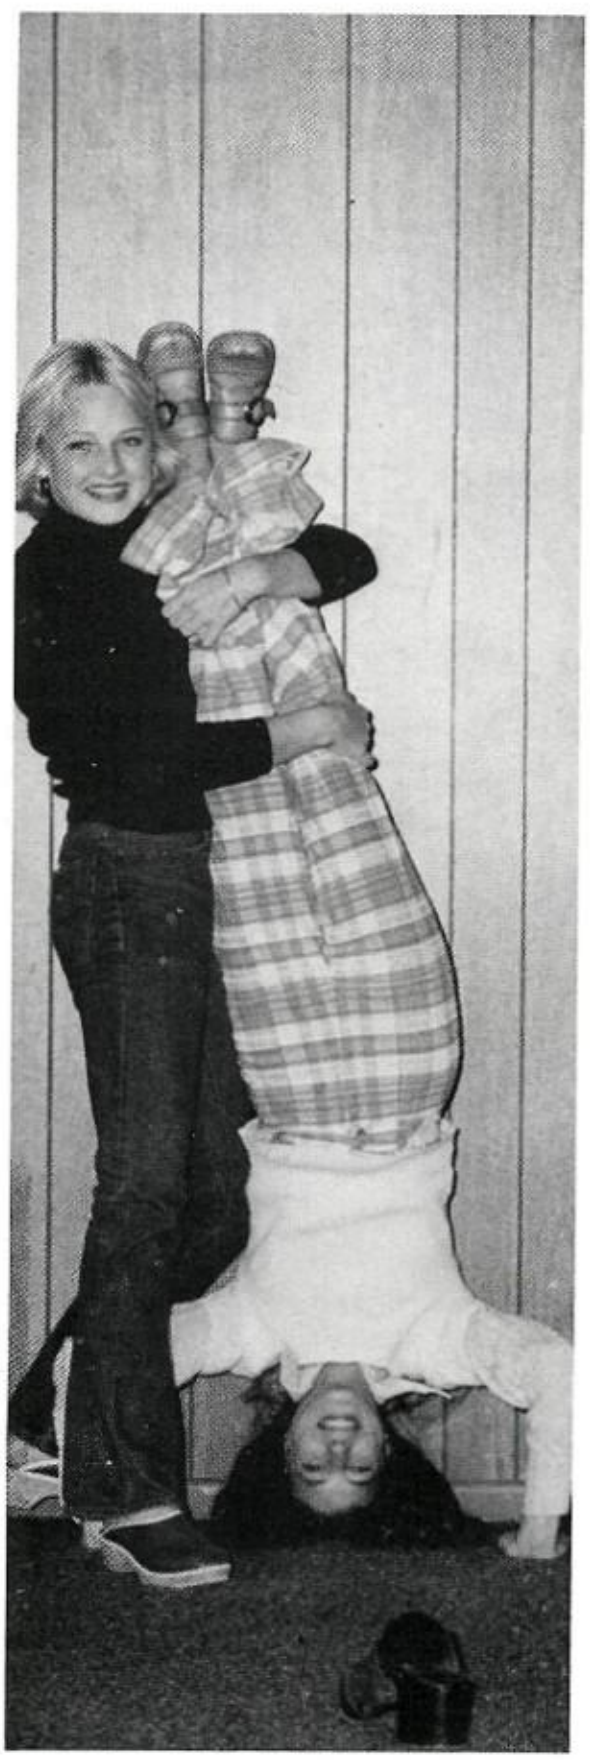


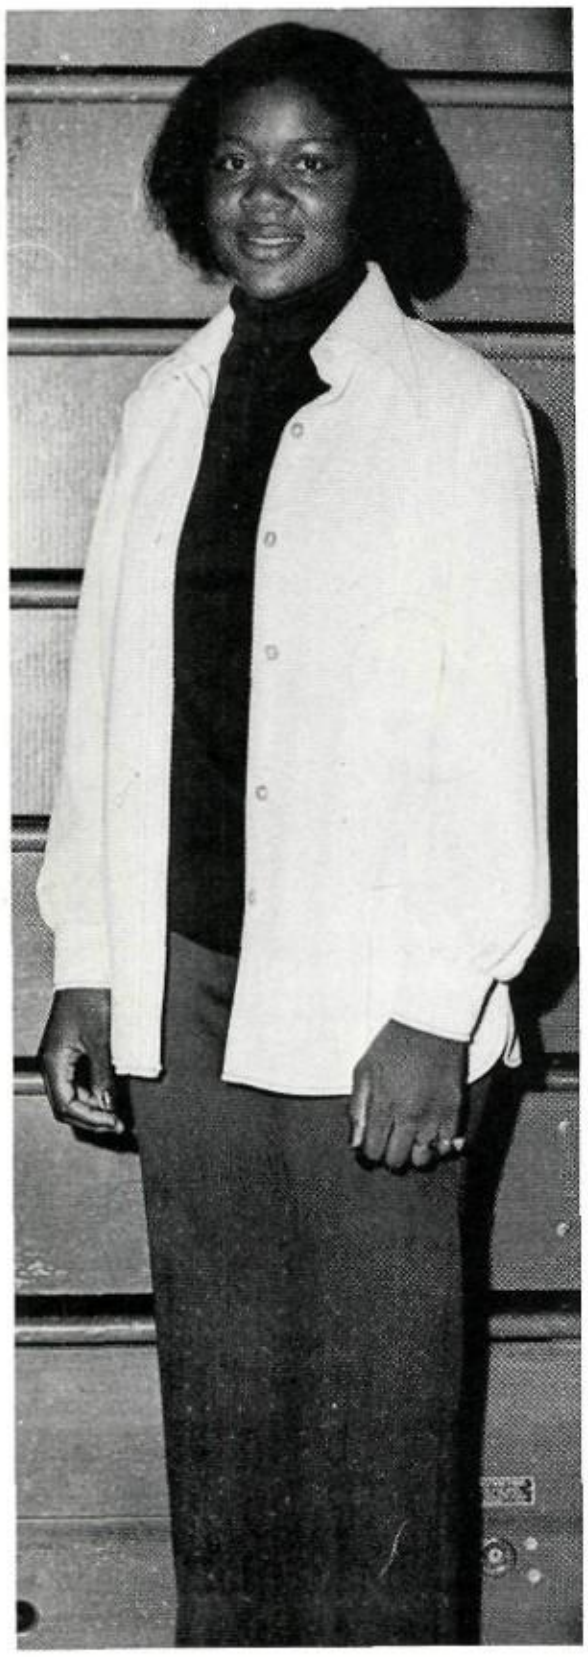


*Spirit is like a*
*river ——*
*But we have to*
*throw something*
*into it before*
*there can be*
*a ripple*

*There is laughter here ——*
*We are not alone.*







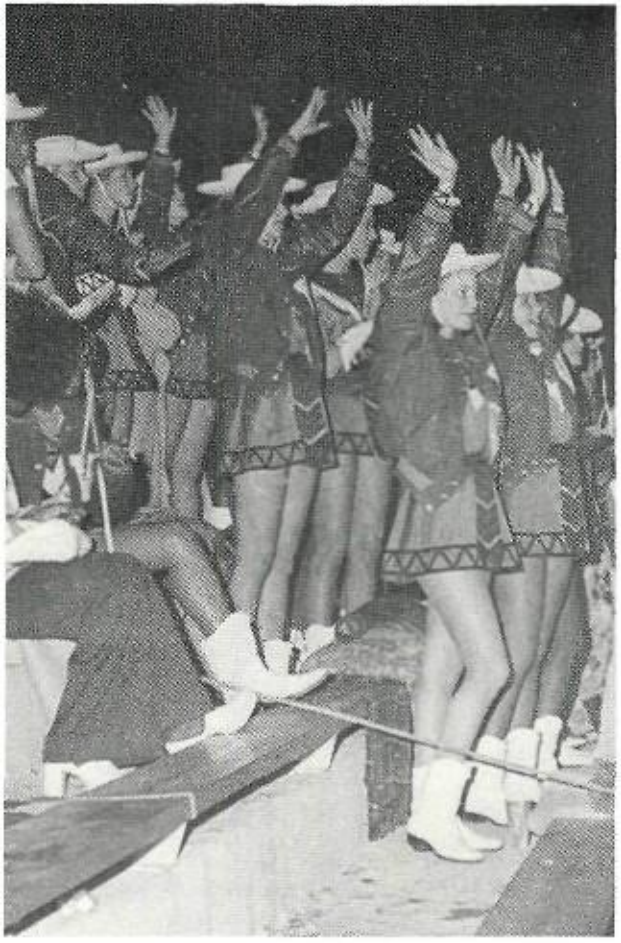
Tiny threads bind us
to each other.
To what we are
To what we want
to be.

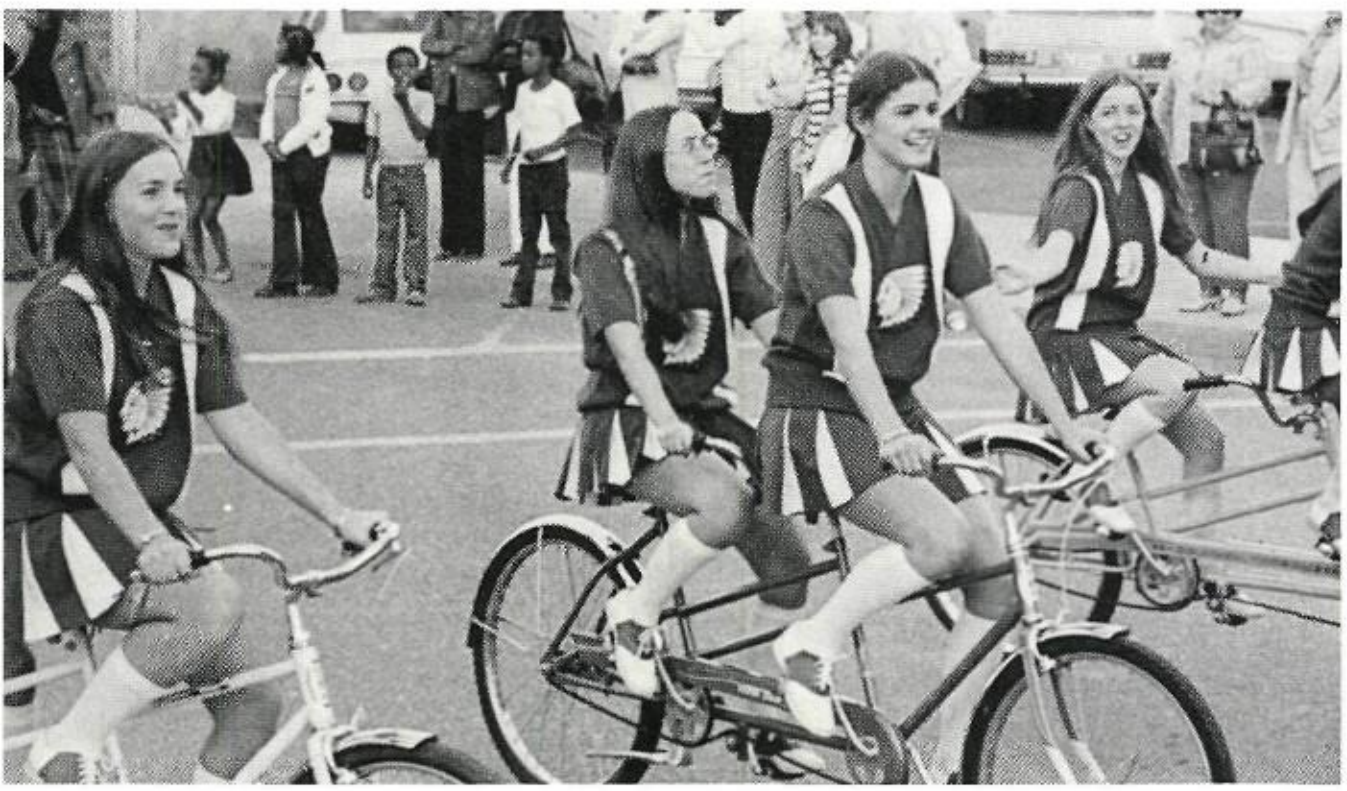
*Senior*

*We finally made it! Now it is a reality.*

# Class, 1974

*and it feels so good!*

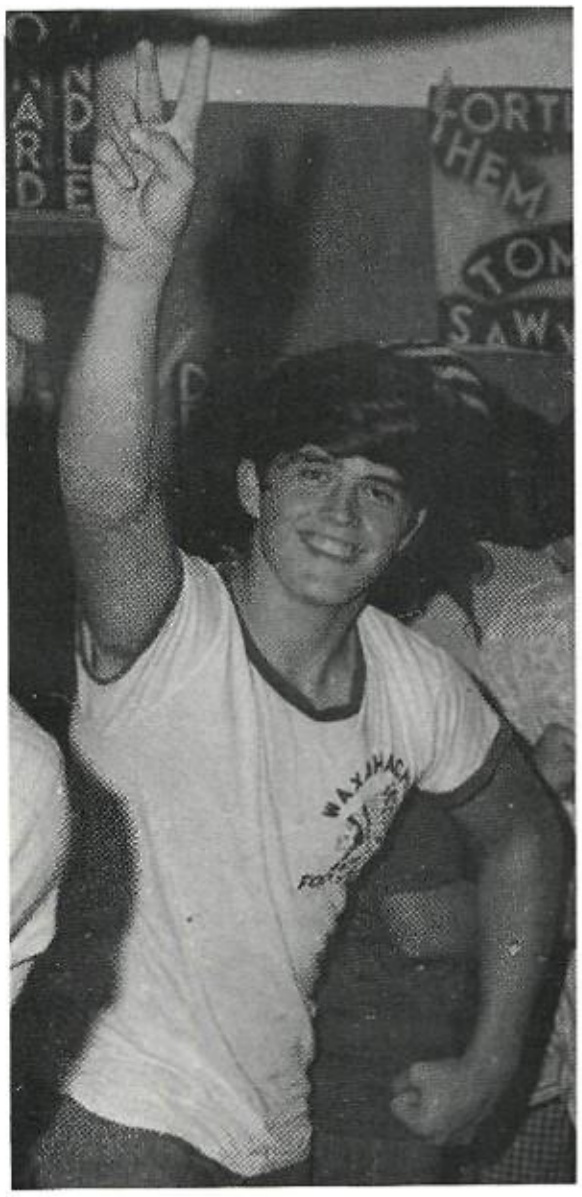


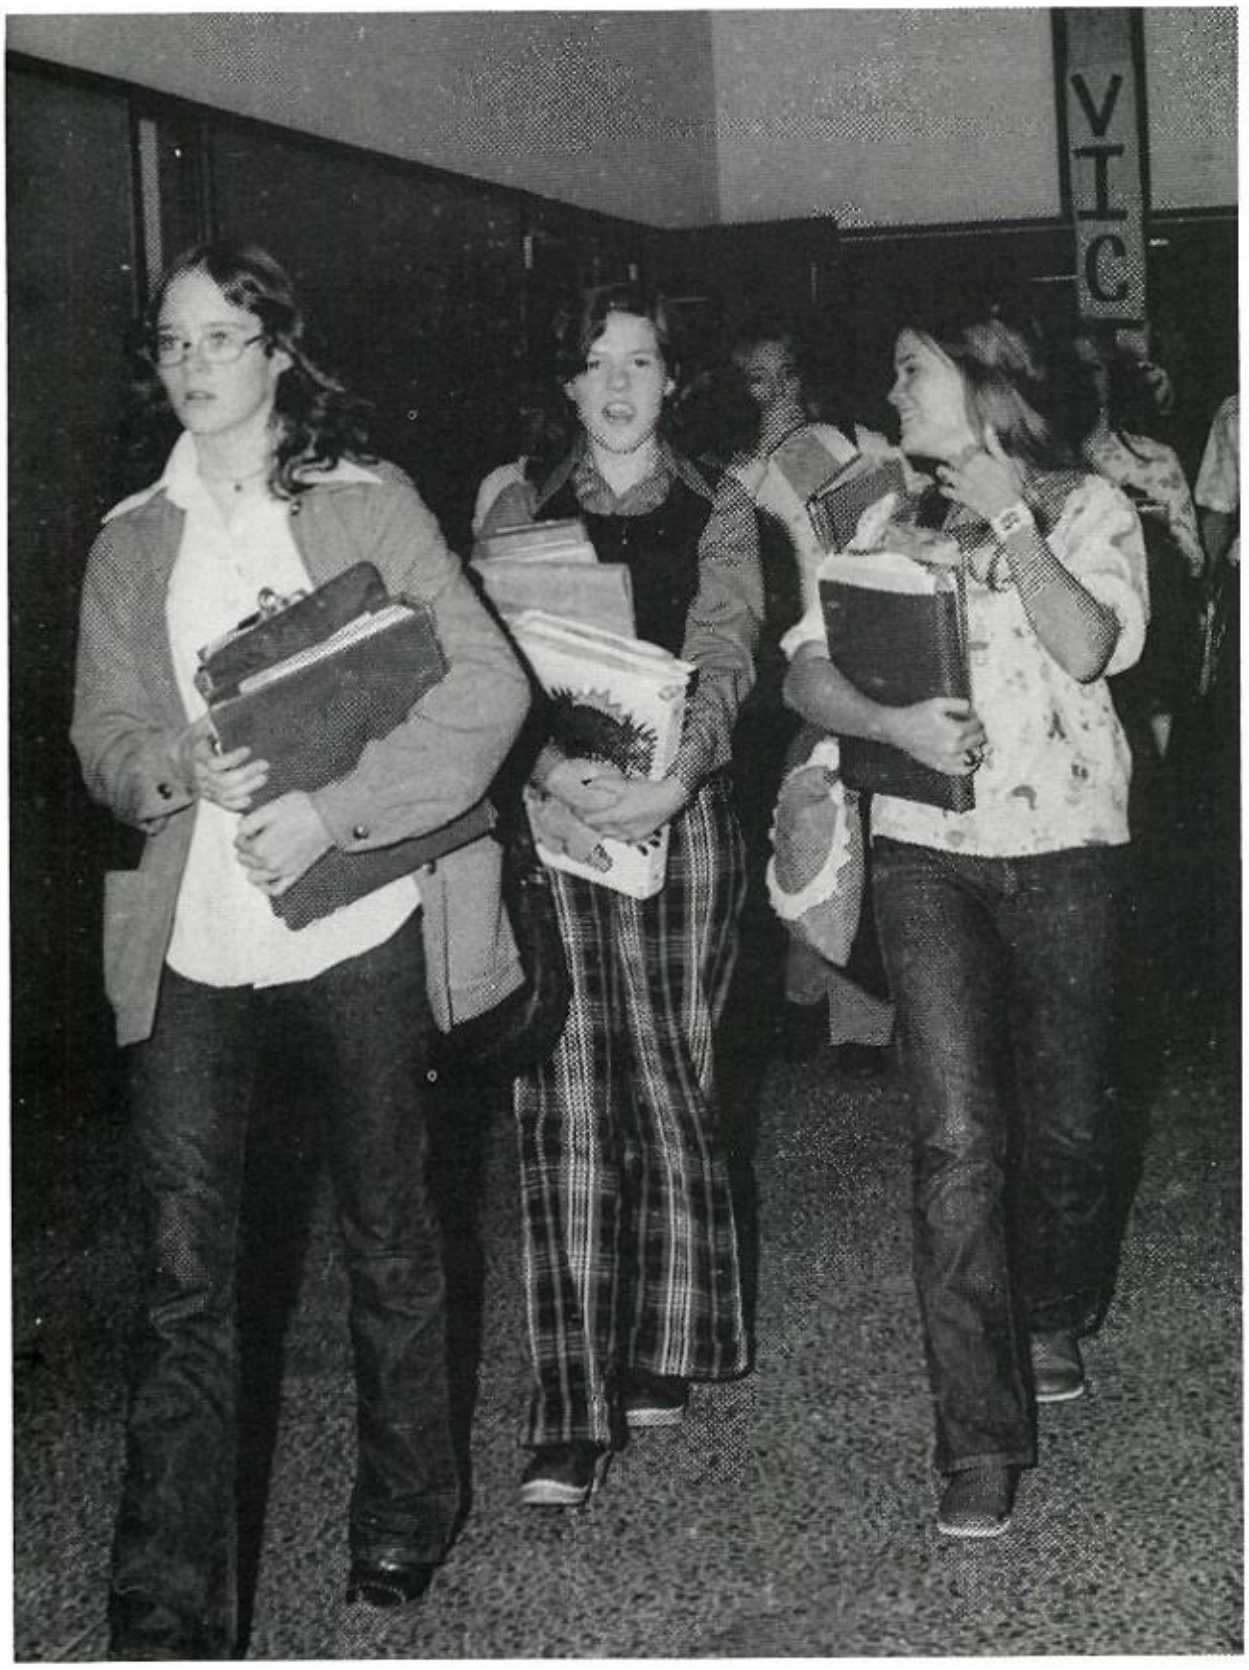


*We are alive*

*and young . . .*

*And life is not*
*without motion*





*The intensity of these moments swells within us.*
*We will hold them and know them forever!*

(3) Some drive cars.
(4) Some even come on motorcycles.
(5) Cheryl McMahan comes ready for a busy day.
(6) Mrs. Sawyer is ready for a busy day, too.

(3) Yes, Ester, you DO have to go to school!
(4) Craig walking Mrs. Howard to class?
(5) Wake up Kelly! It was just a dream!

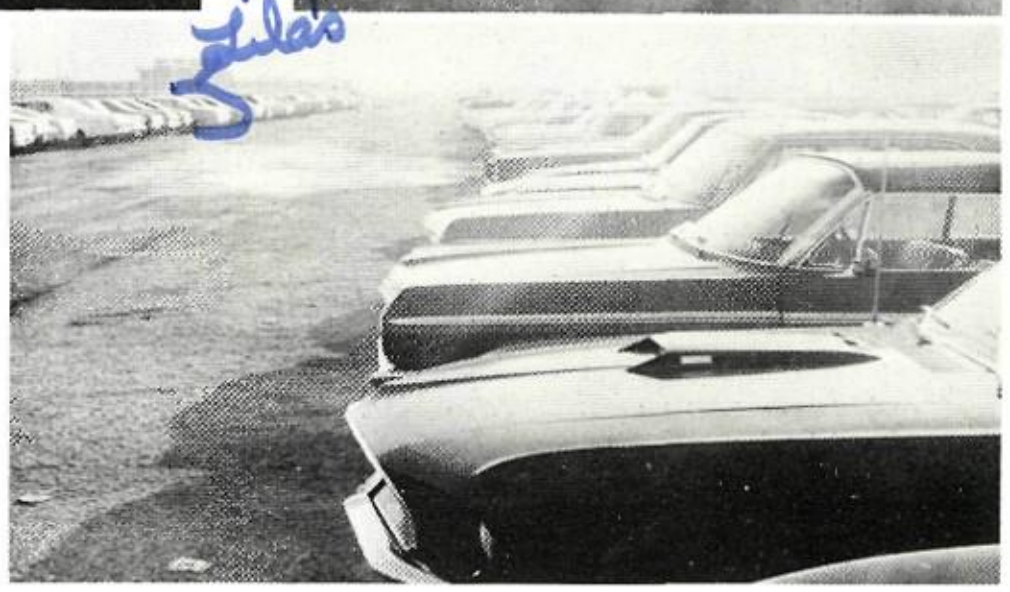
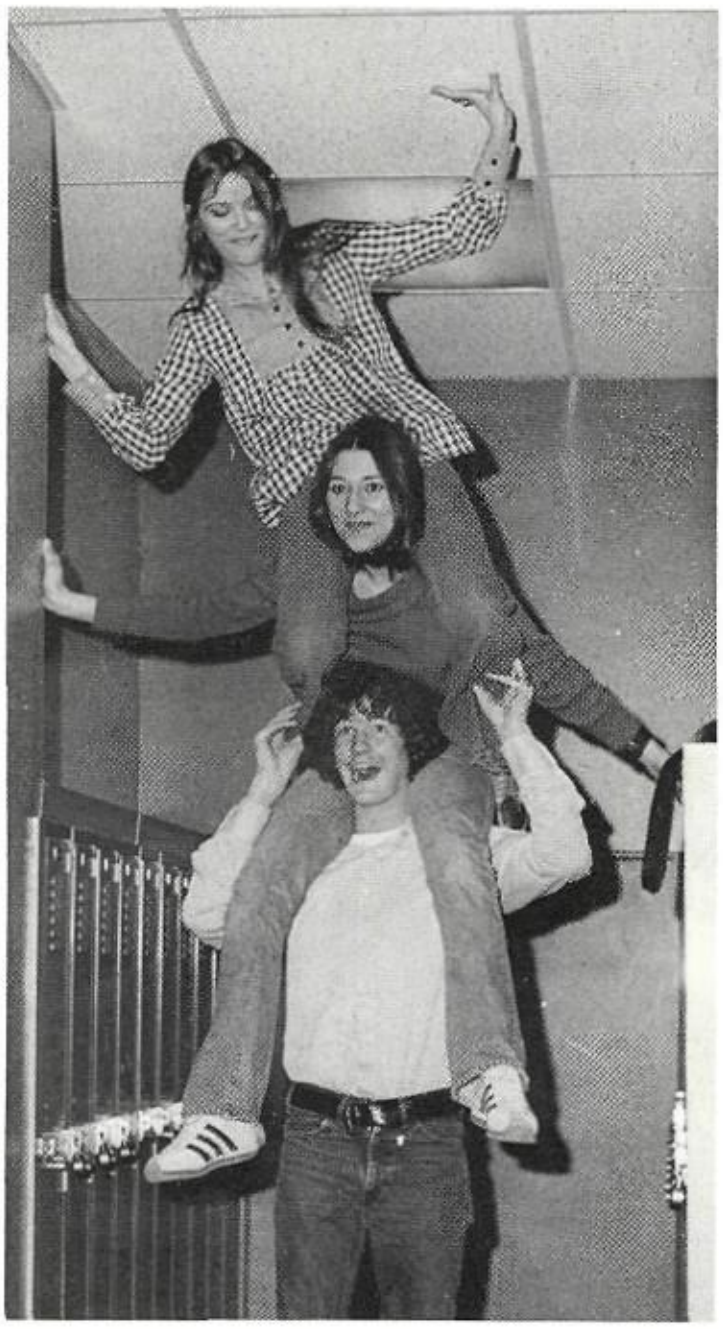
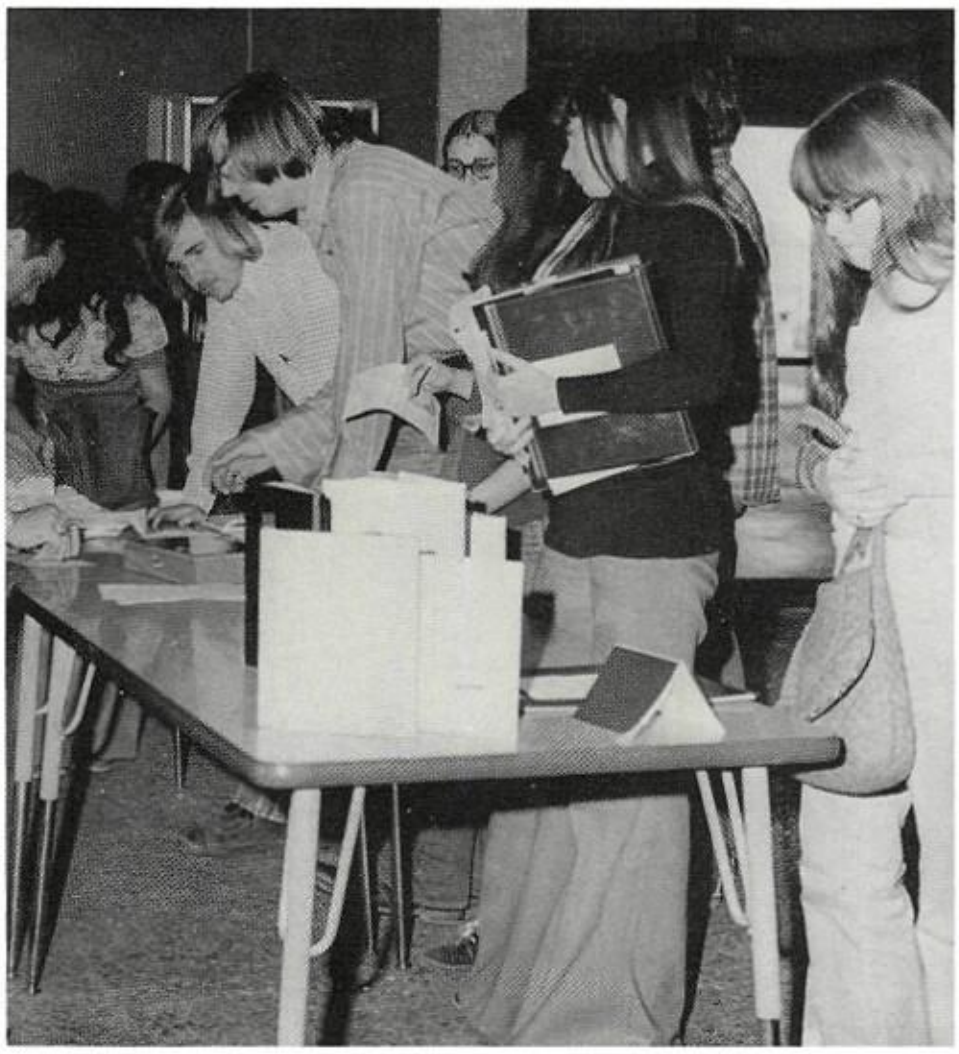
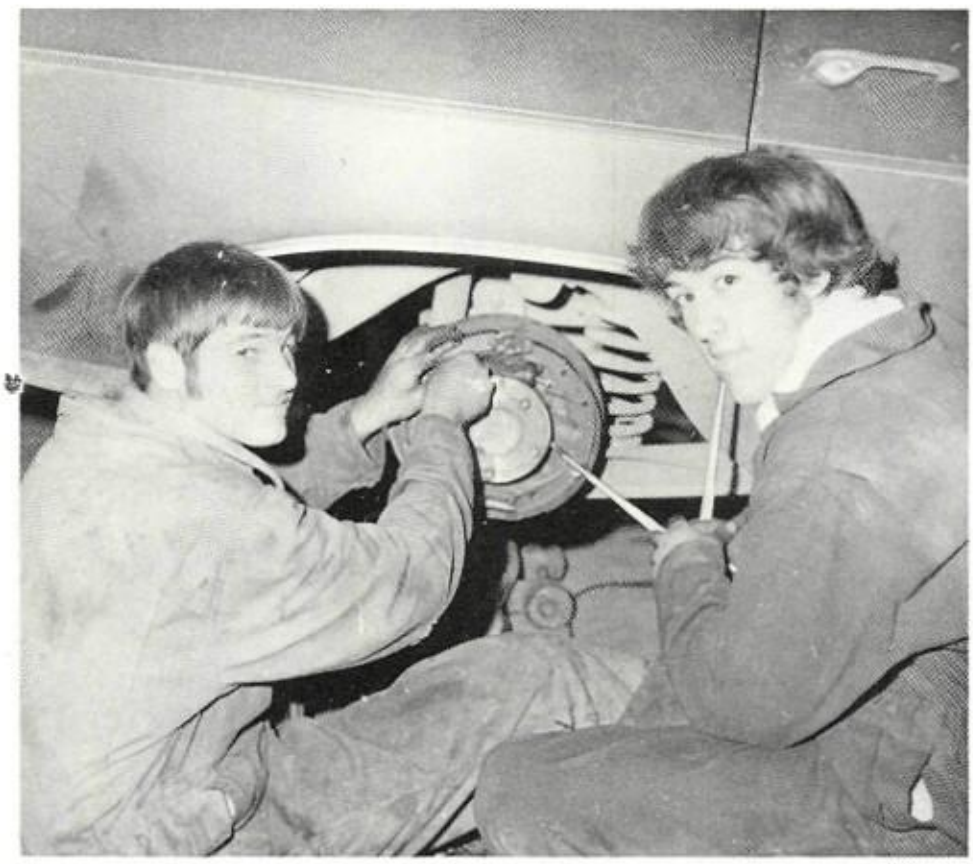
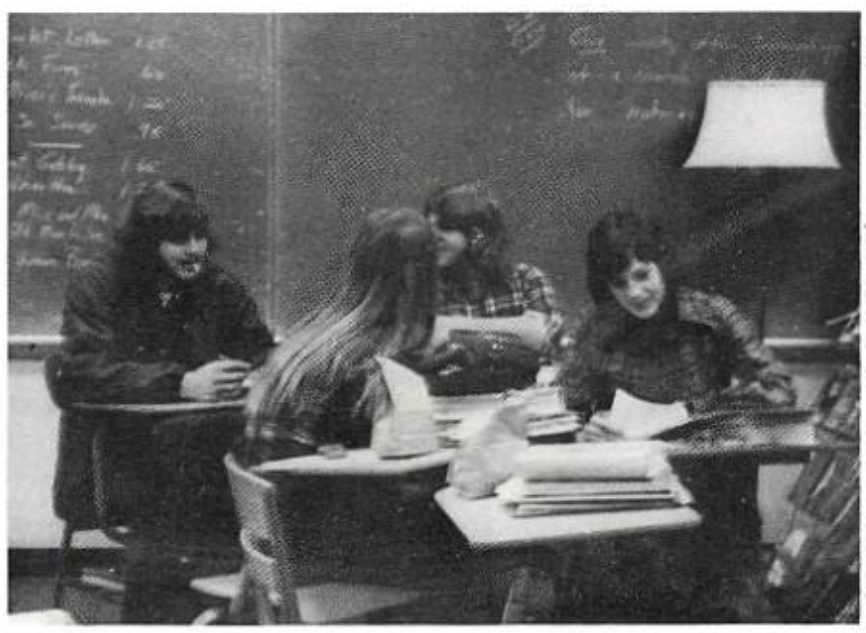
*Hello, good morning and what's going on?*



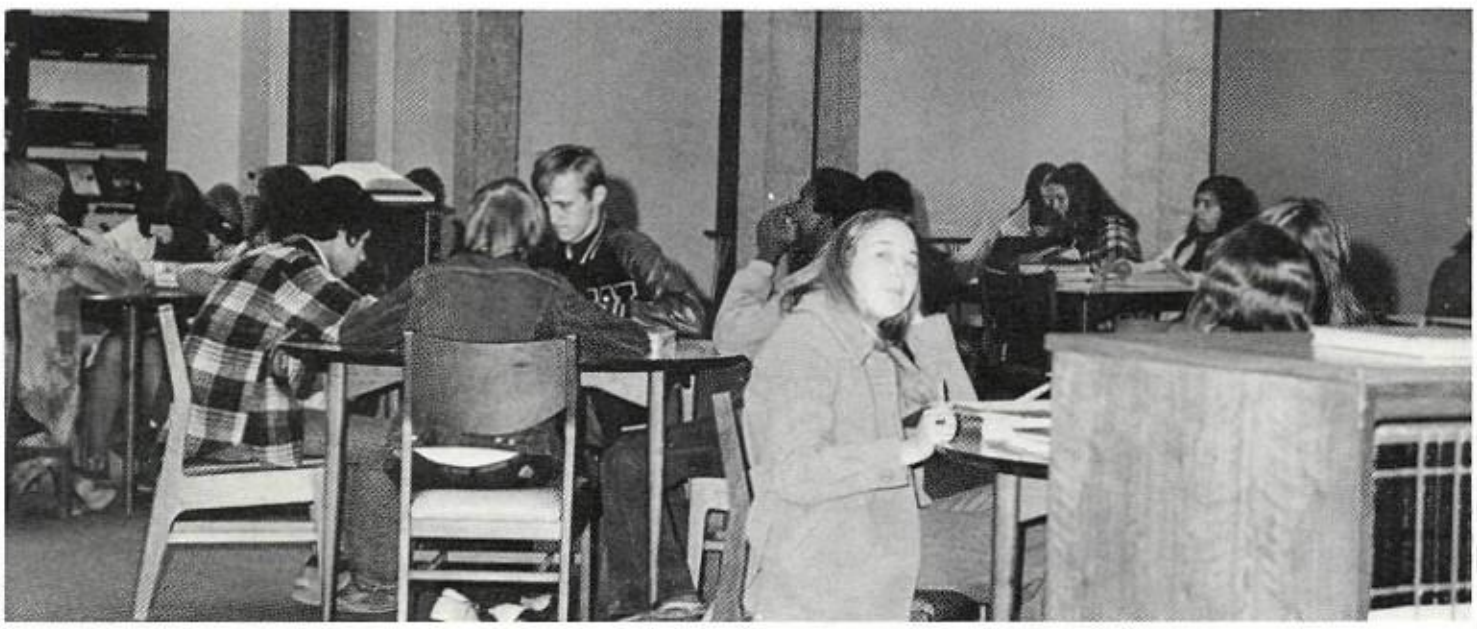


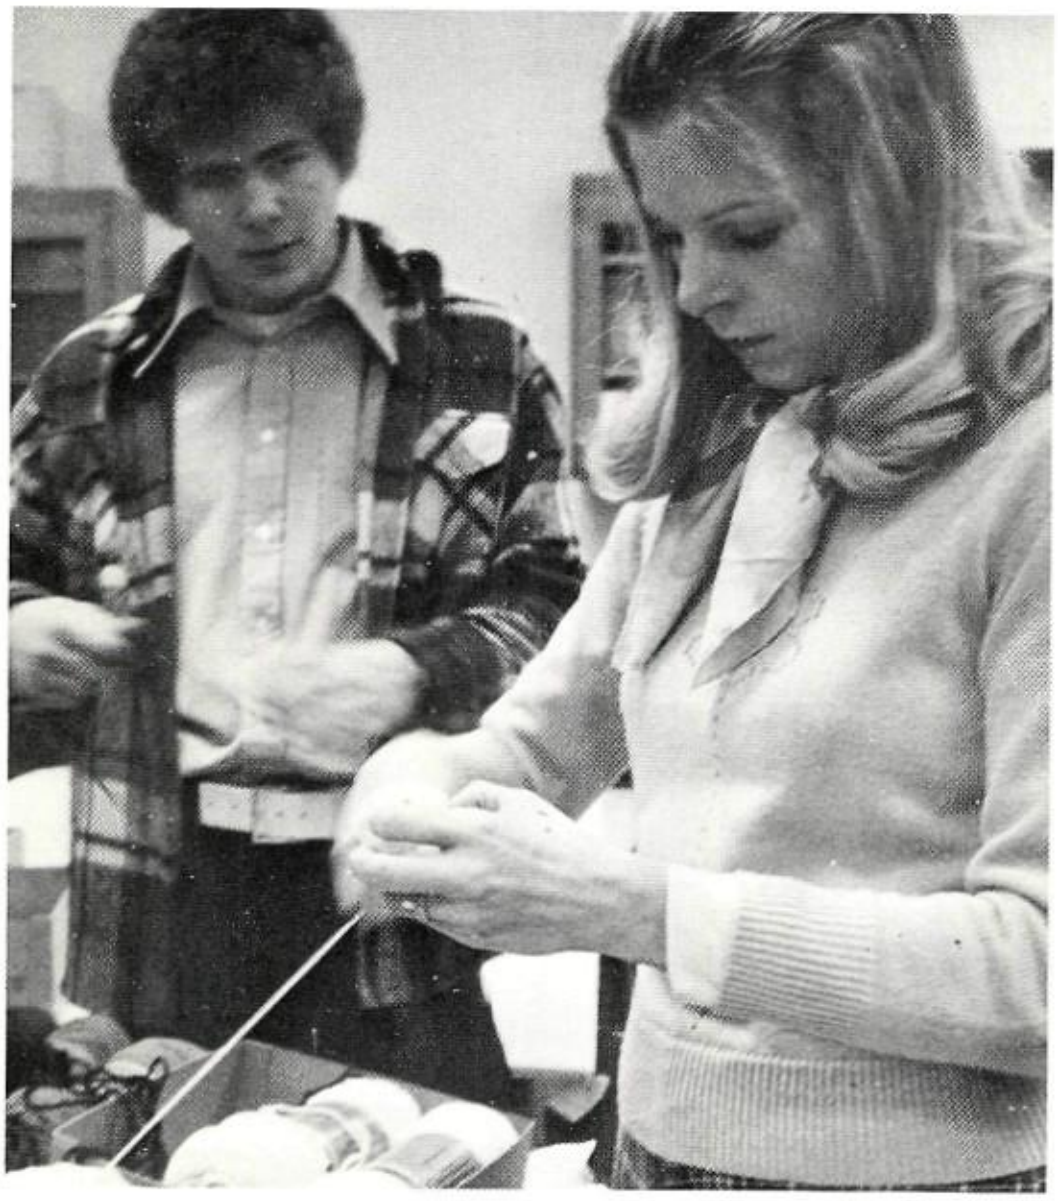


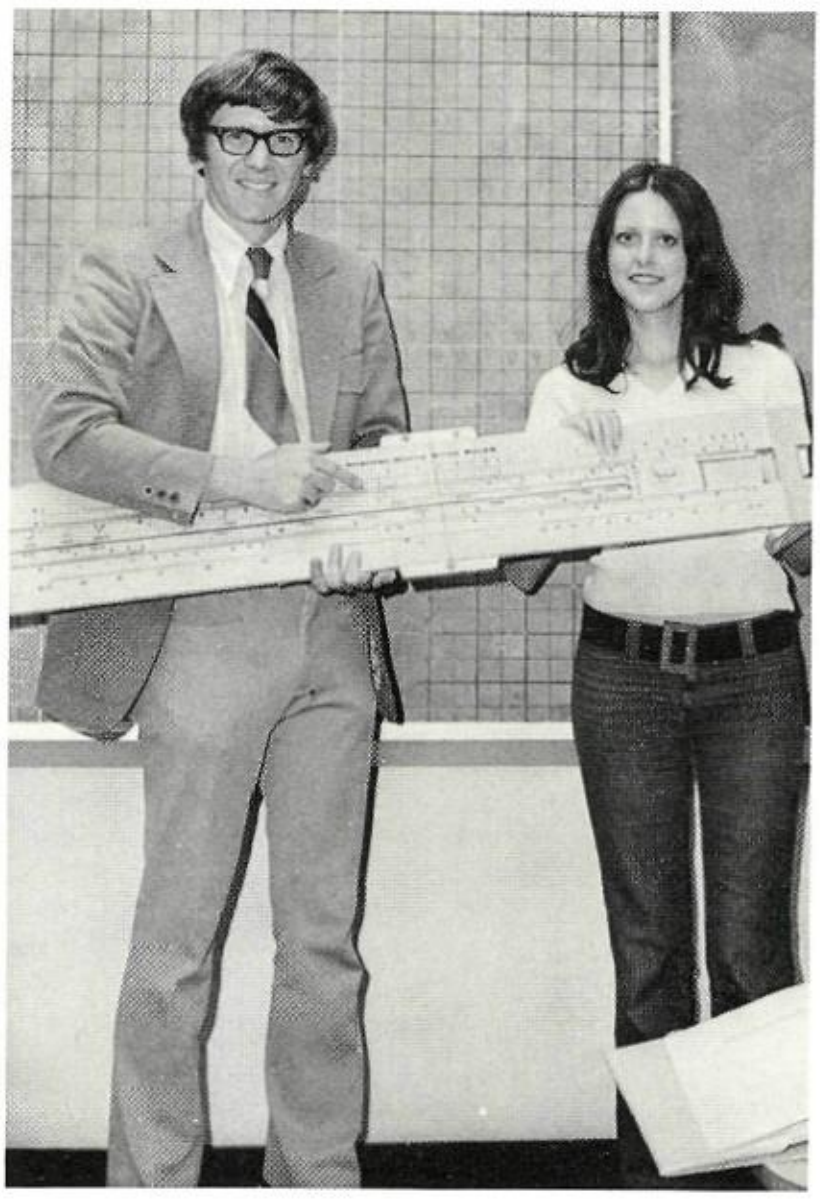


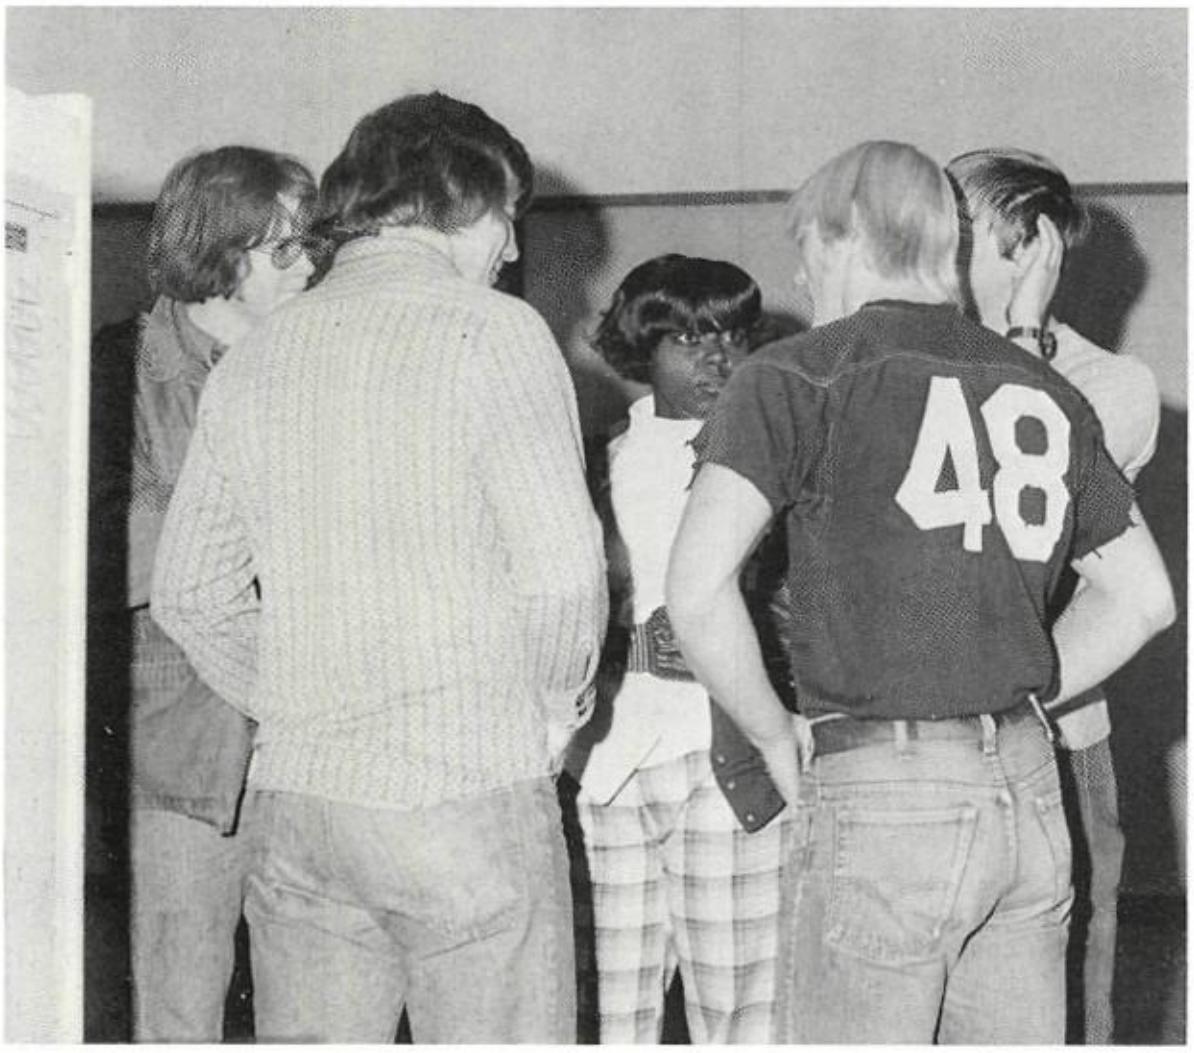


Bells and books begin another busy morning at W.H.S.









Each day brings
a new experience
from registering
for next years
classes to . . .

# More Classes

mean more class changes. But at all times we stick together.

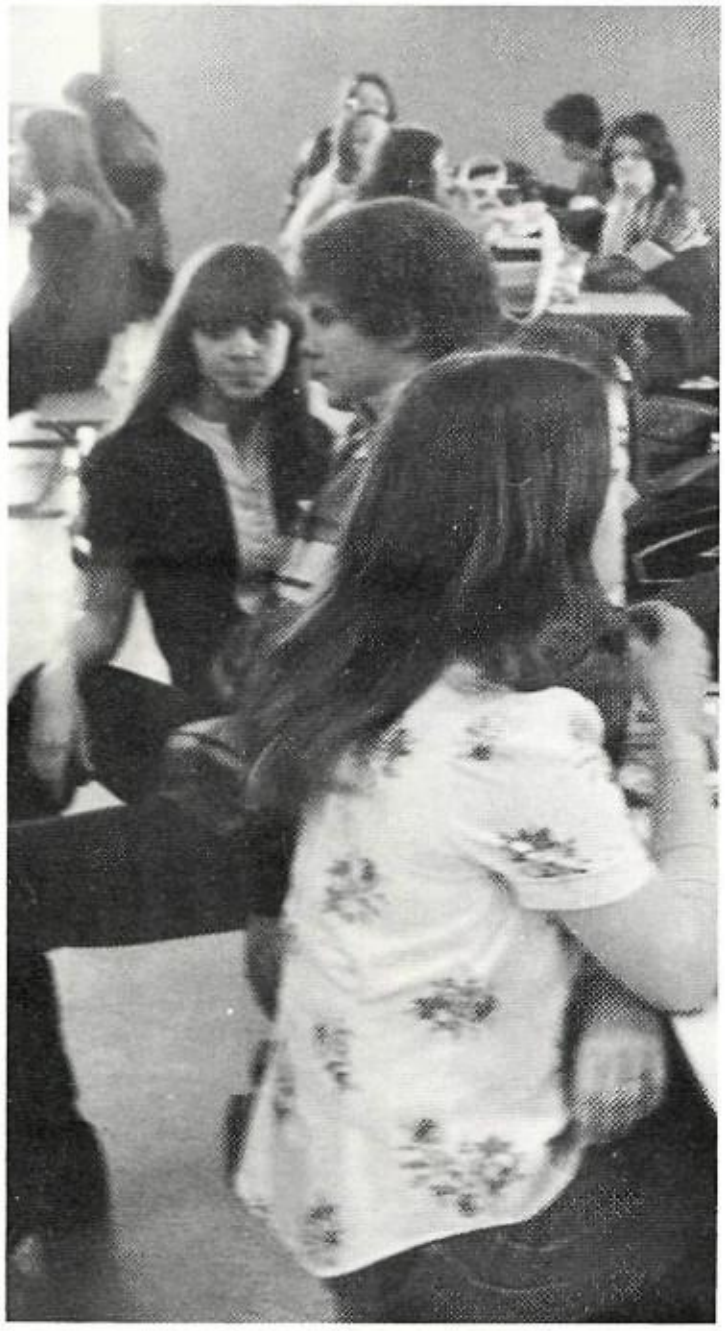
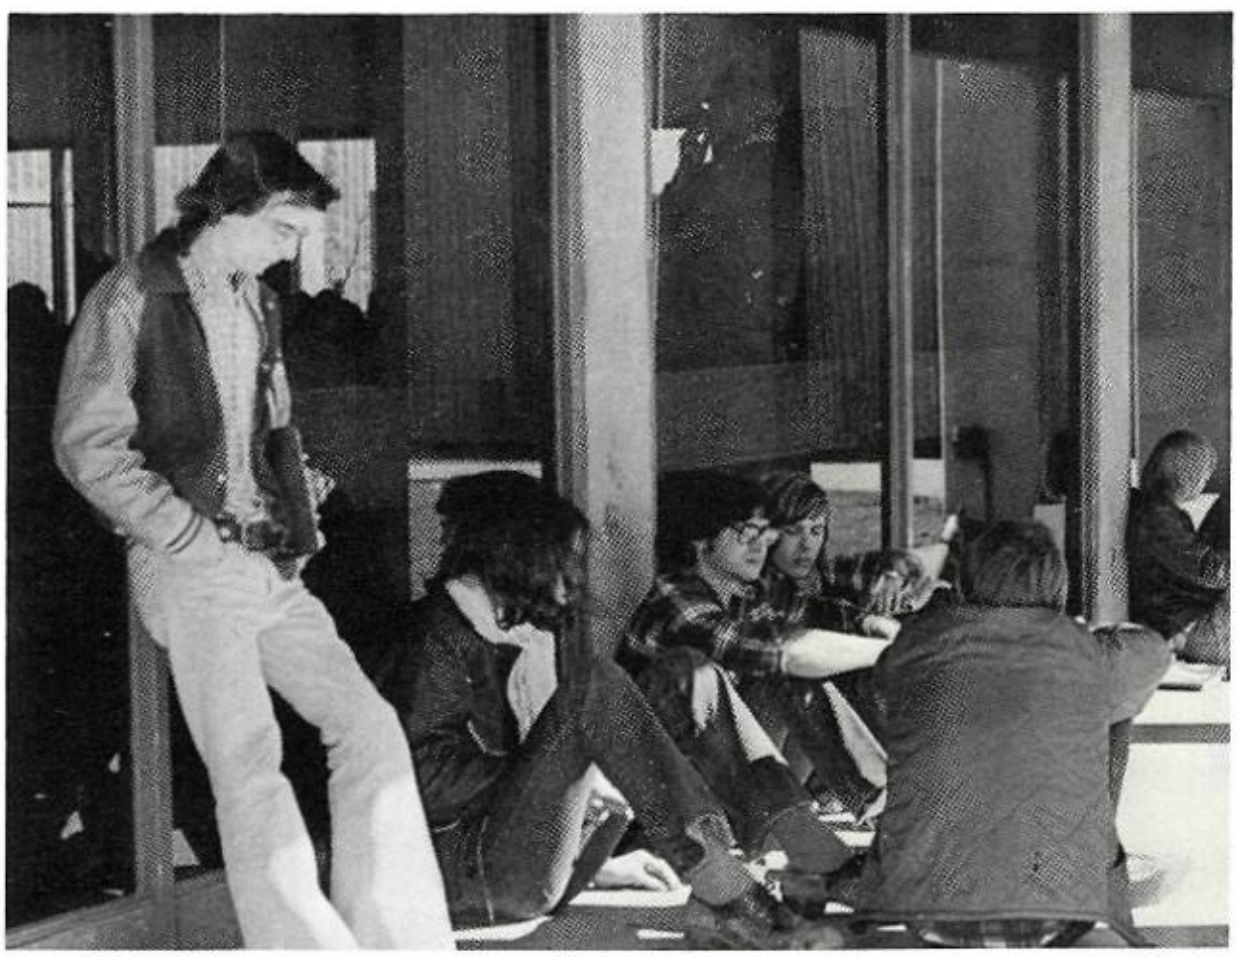
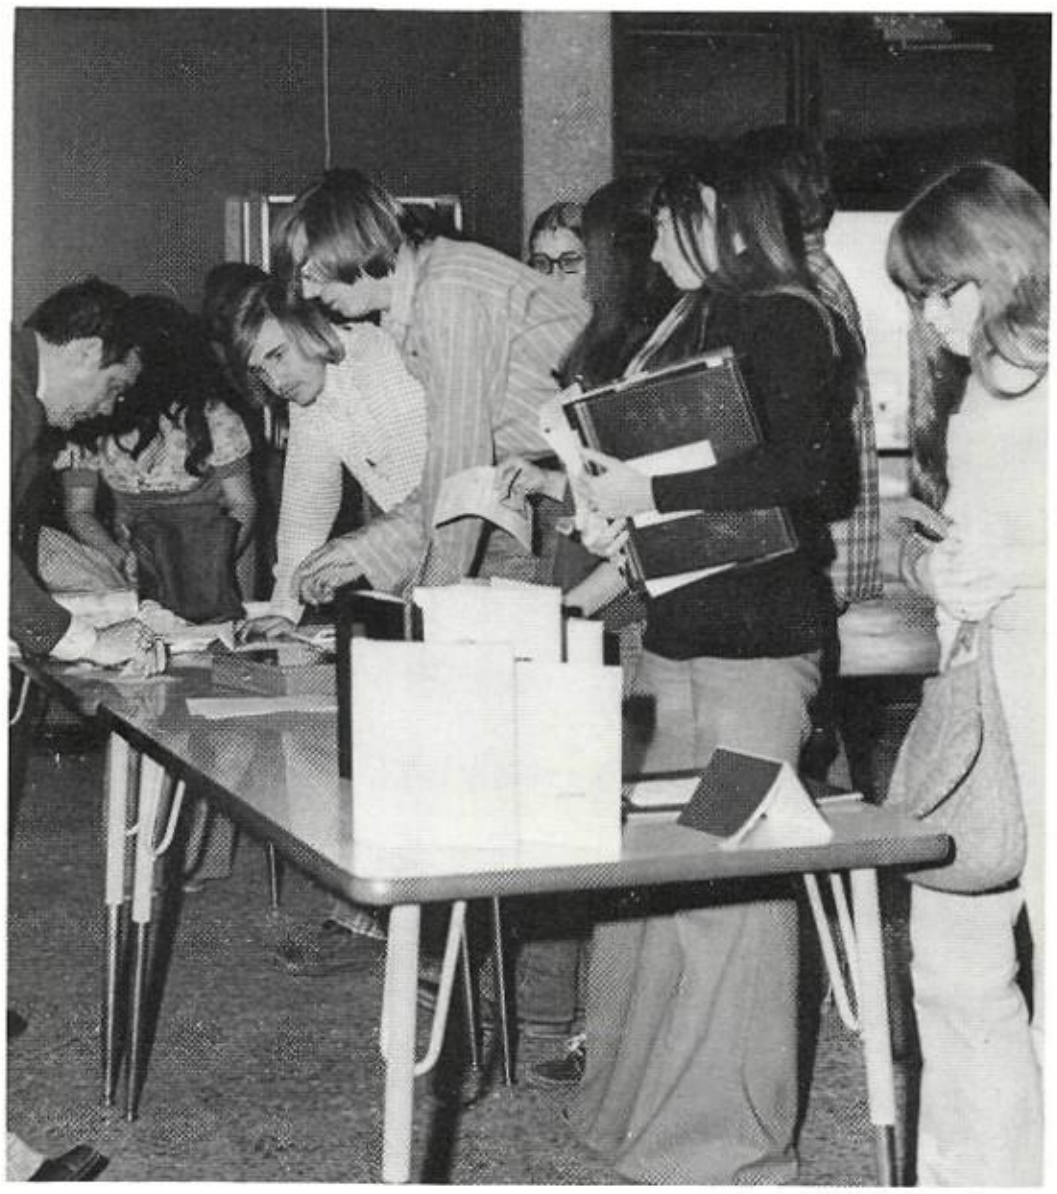
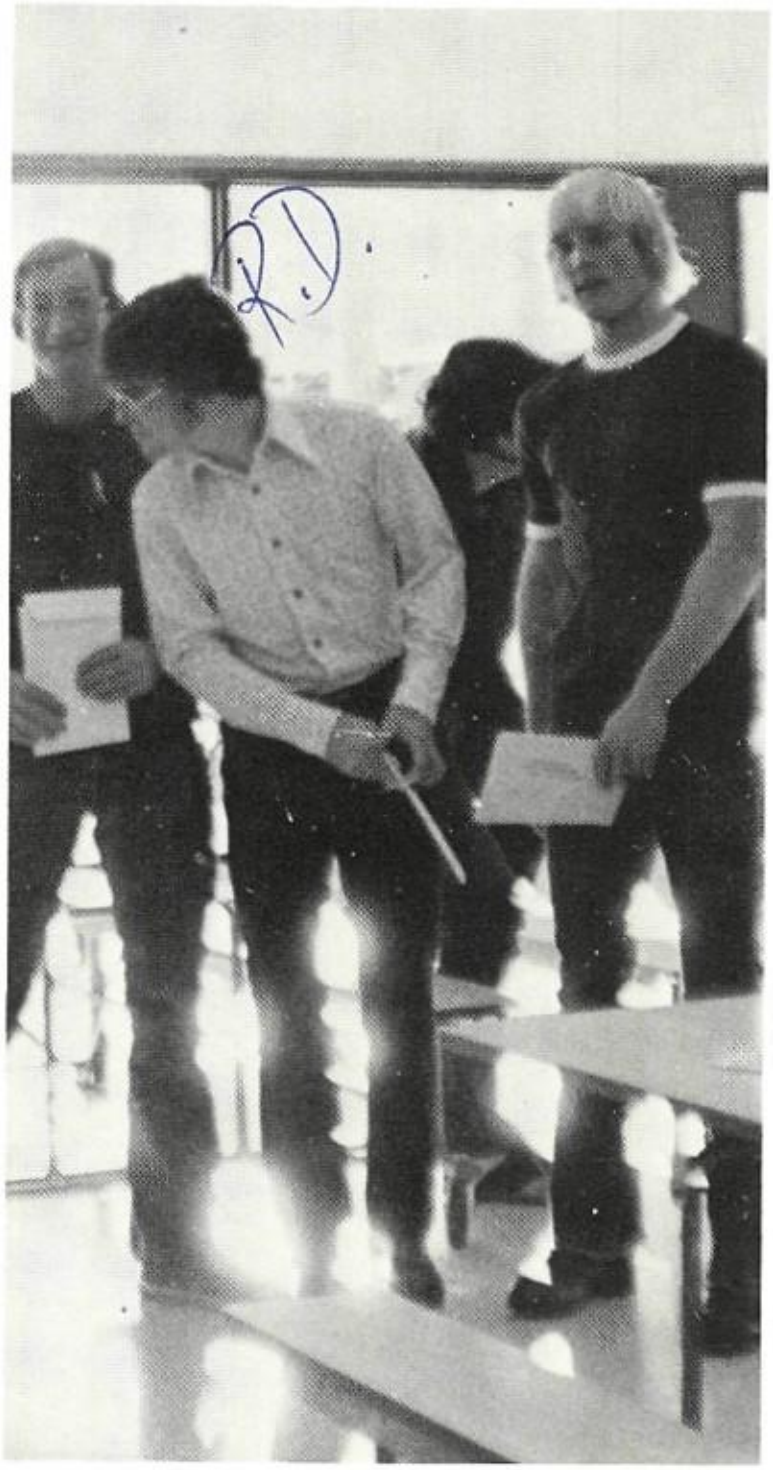
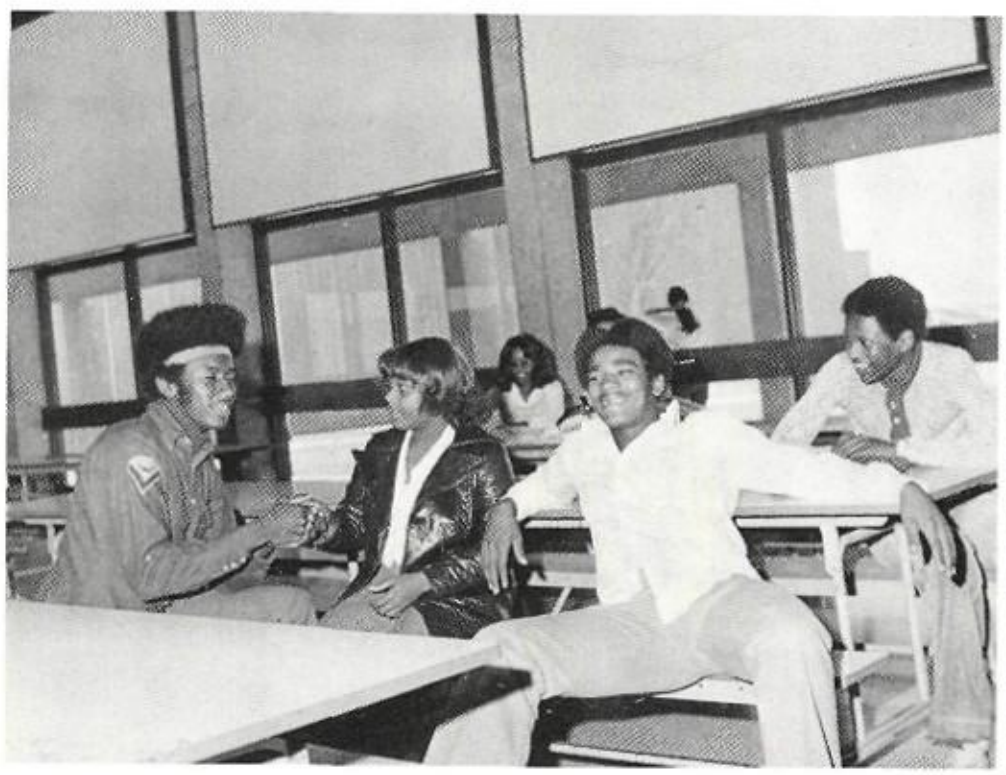
## Lunch Bunch —— Lunch time is traditionally associated with eating, but it's also a time for socializing, romancing and even resting.











Lunch Is Over With
and we enjoy having time to talk to friends; order senior invitations and have some fun.

*can mean much more than*

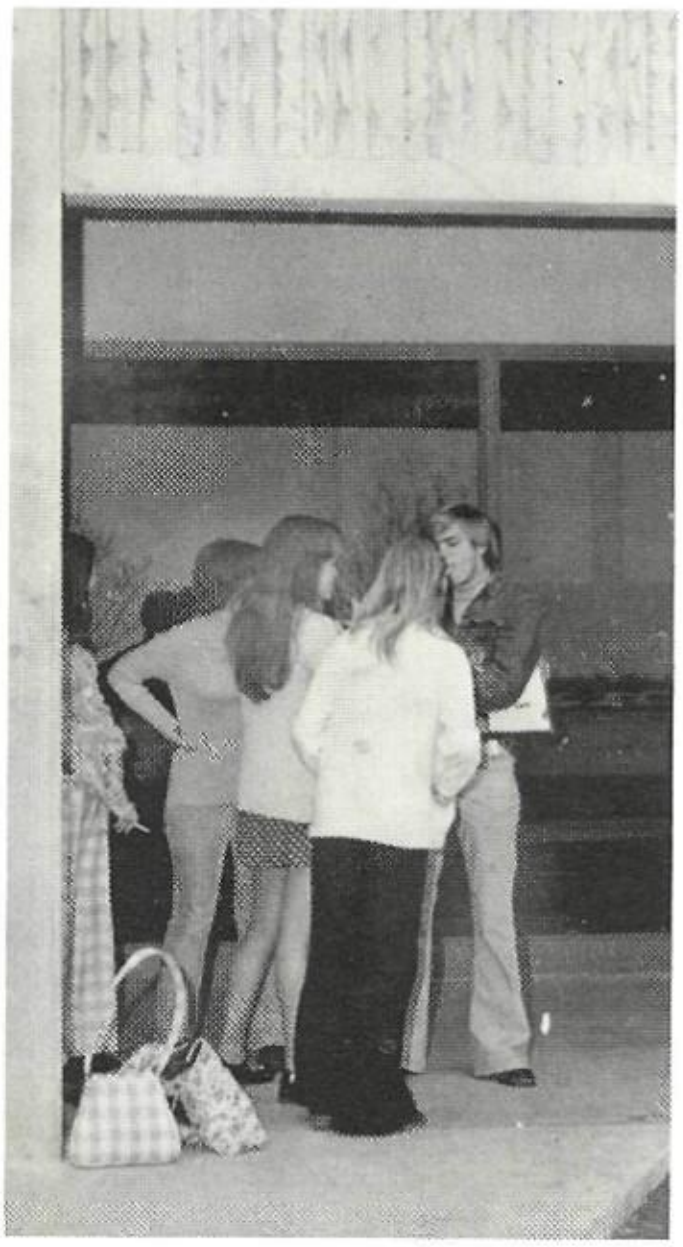
. . . But any short-lived vacation from class is worth it!



## Afternoon Classes

always hold something out-of-the-ordinary

*Involvement grows everywhere . . .*

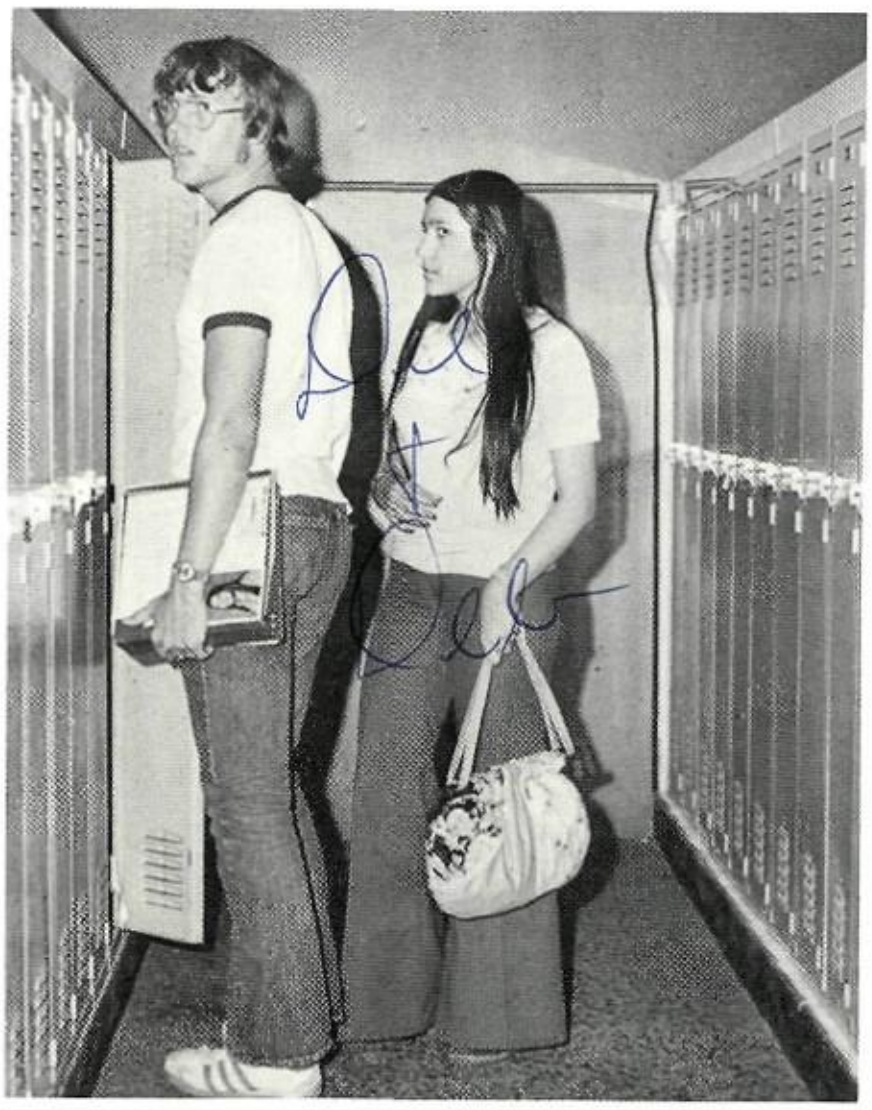
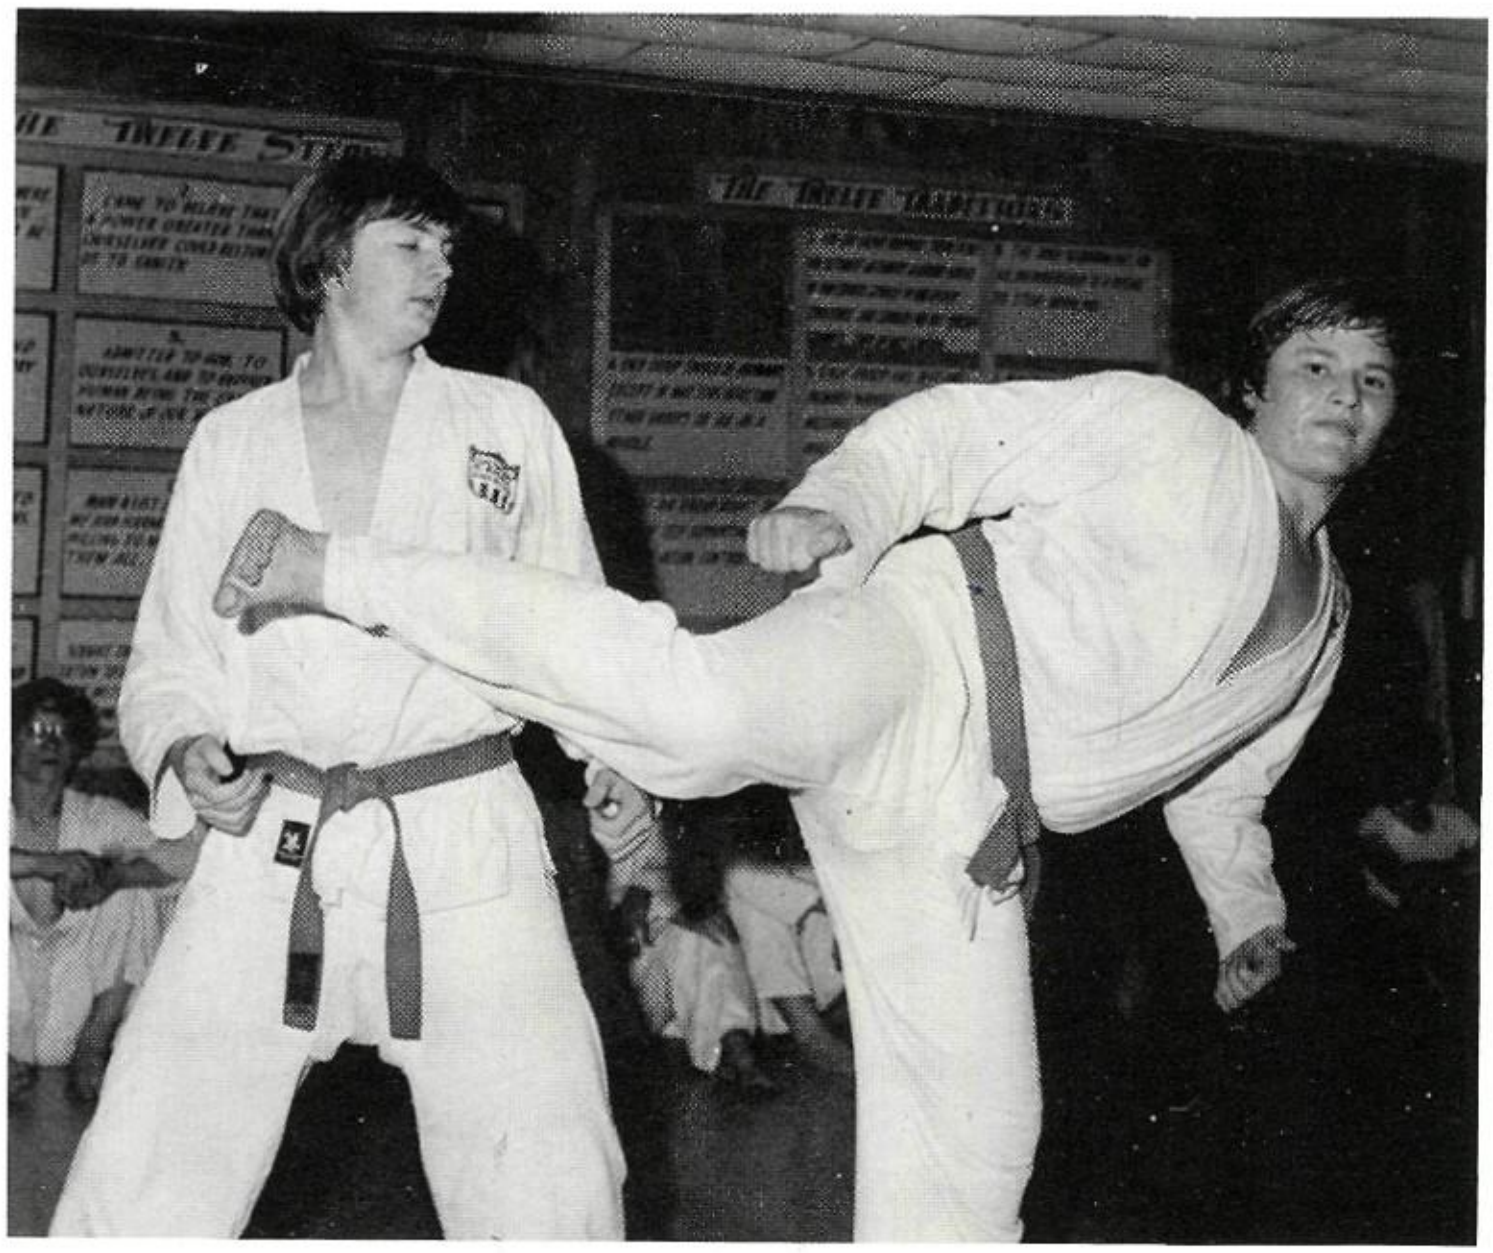
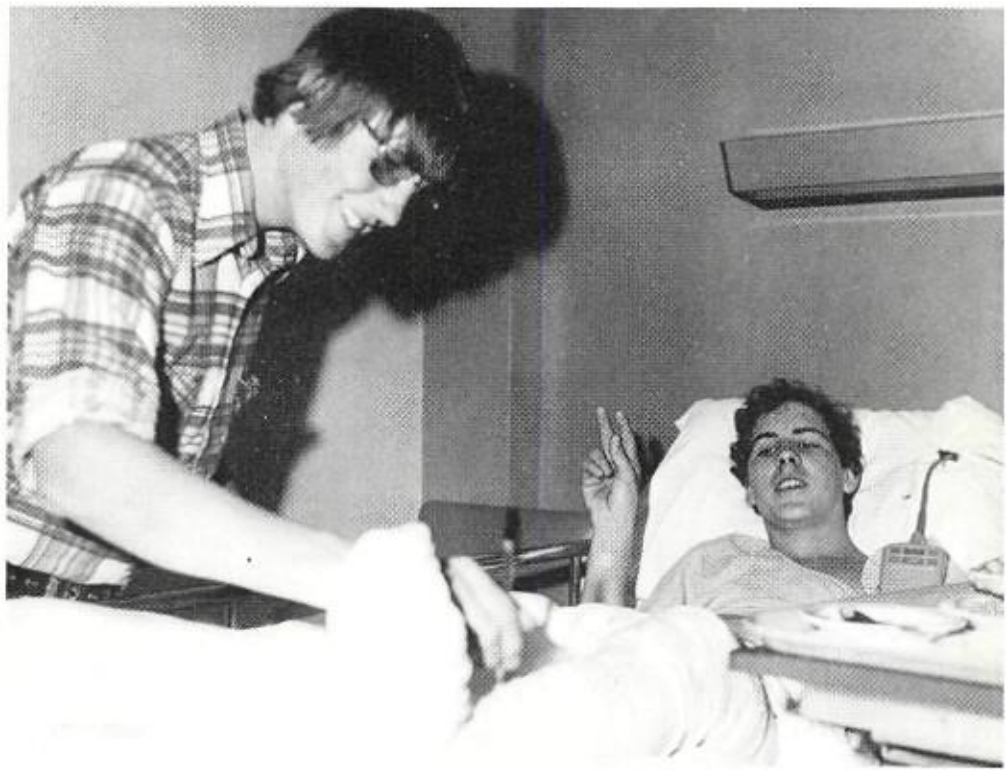
After School starts with one last visit to the locker . . .

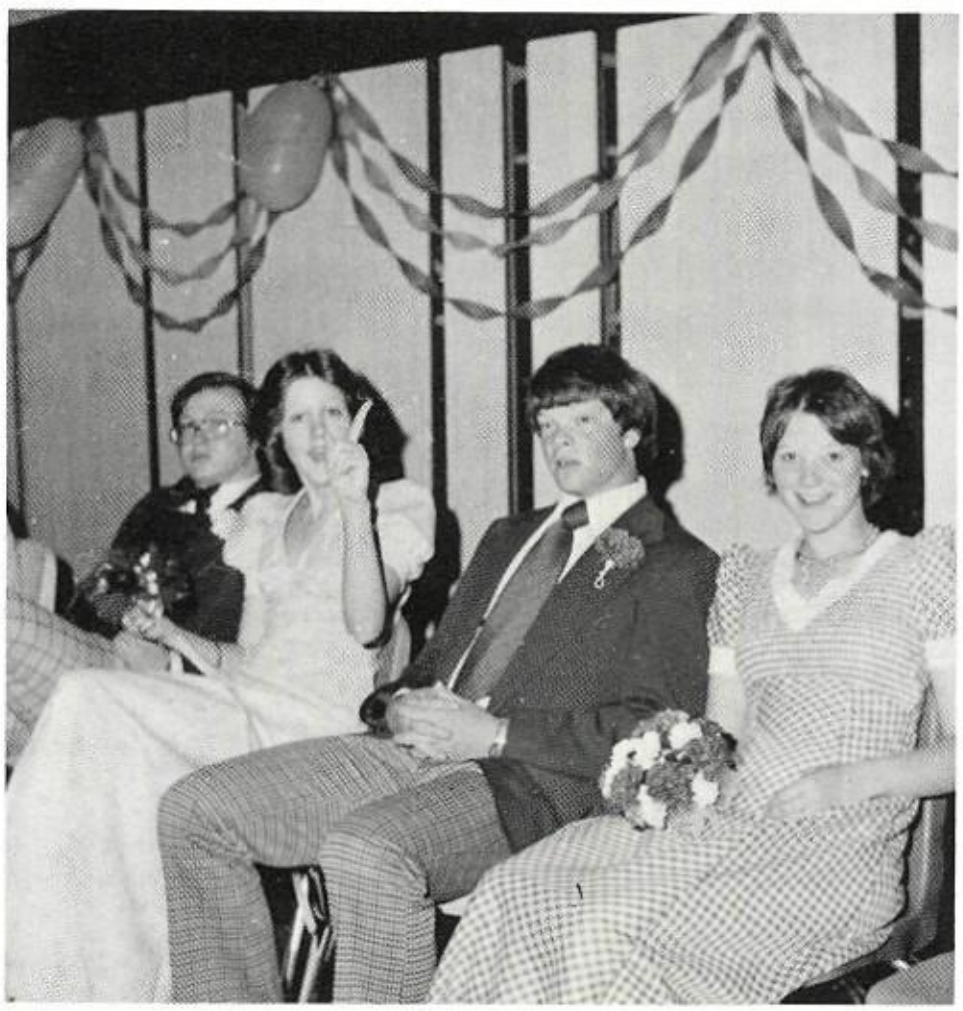


. . . and ends with the coronation or karate class.



After School can include visiting a sick friend, being in the coronation and afterwards enjoying the dance.





We are the young ——
Today we are growing.
Today we are doing our experiencing.
Because tomorrow we will do the
deciding, and tomorrow we will do
the leading.
But right now, this year,
we must live for ourselves.
1974 is a year of change and turmo
Our lives exist in the hope that
these changes will be for the best,
and that the turmoil will end in peac

In our new awareness of our place in tin
We look at war and pollution and h
and cite them as problems.
We know, like few have known before us
that all is not good in the earth.

With this new awareness, is the
stubborness of our youth.
We are determined to progress
beyond the wrong!
The problems we have inherited
are ours to solve.

In accepting them, we accept
The fact that this is
Our place in time.

# Acknowledgement

We would like to take this time to thank the many people who have made this publication possible. First of all to Mr. H. C. Davis for his never-ending help, also to Moreland Herring, Tommy Webb and Wright's Studio for their services. Many thanks also to the students who have subscribed, and the faculty and administration for their patience and help.

What is time? Even as you turn the pages of this yearbook, time is passing. An experience, or even a mere second can never be relived, just recalled in your mind. Through our 1974 annual we hope to help you recall a very good year.

# WE BUILD

Objectives:

To give primacy to the human and spiritual rather than to the material values of life.

To encourage the daily living of the Golden Rule in all human relationships.

To promote the adoption and the application of higher social, business and professional standards.

To develop, by precept and example, a more intelligent, aggressive, and serviceable citizenship.

To provide, through Kiwanis Clubs, a practical means to form enduring friendships, to render altruistic service and to build better communities.

To cooperate in creating and maintaining that sound public opinion and high idealism, which make possible the increase of righteousness, justice, patriotism and good will!
